

Hopes for co-operation but 'I'm bullheaded' Lena Cummings says

Deseronto is going to have a woman on its council for the next two years at least ... Lena Cummings of Mill Street. But she will not be the first woman who has been a town councillor here.

Dorothy McCullough of Dundas Street was the first. She was on council from 1967 to 1971. 'And I might have been there yet if I hadn't run for mayor,' she recalls. She was defeated in the mayoralty race by Jim Sharp the incumbent.

'The big thing during my term was the beginning of a little improvement of property,' Mrs. McCullough said.

'I was in charge of property. They didn't spend money then like they do now but we sandblasted the outside of the Town Hall and got curtains put up.'

These were minor property improvements but the major property job she tackled was getting the new police station. 'The police didn't have any quarters then. It was quite something ... unique ... for a woman to be lining up a police station.'

Another big project she looked after was arranging for Deseronto's Centennial celebrations in June of 1971.

'One of the events was a contest for a design for a town flag. The school children did the designs and we had to choose one that would be possible to recopy ... that was not too intricate,' she said.

Kathleen Hunter, a grade 8 student, won the contest and Mrs. McCullough herself made the flag.

How did the men on council react to their first female associate? 'I was very well accepted and they were most cooperative,' she said.

New councillor, Lena Cummings

LENA CUMMINGS

hopes the other council members will co-operate with her too.

'I'll try to get along but I am bullheaded,' she said.

She thinks that while the property standards by-law was a good idea for getting the town cleaned up, there are still a lot of things to be done ... especially to help older residents.

'The sidewalks should be shovelled ... we're paying enough taxes to have them cleaned and there are enough people on welfare who could do the work,' she said.

And she objected to the way the snowplow filled in driveways after older people had paid to have them shovelled out.

Deseronto's Mayor, John Neal had to bend down to hand out prizes for Halloween costumes to the little Beavers. (Please see page 10)

SEEKING SOPHIASBURGH SEATS

'Zoning ... a sorry state' — MacDonald 'Garbage ... its a disgrace' — Devries

Garbage...zoning restrictions... market value assessment...these are some of the contentious issues which have put two candidates up against the three incumbents for election to Sophiasburgh Township's council.

There are five people contesting the three council seats...Glenn Tripp, B. Dossie and Paul Aman (present councillors), Max MacDonald and Arnold Devries.

MAX MACDONALD

'People have to get in there and fight,' says Mr. MacDonald of RR 2, Picton. He is not a newcomer to the political arena in the township. He was on council in 1969 and 1970 and has contested other positions, including that of reeve, in the past.

'I don't like the way things are,' he said. 'There are too many rules and regulations.'

'I had 115 acres which were in Demorestville and the rezoning and planning took them out of Demorestville and called them marginal farmland. It's all shale and hard rock. And I have land on the other side of the road. The way they've set it up, I can't sell it.'

He also has some land that 'could have been saleable, but now it's called open space conservation. If they want to

tell me what to do with my property, they'd better buy it,' he said.

'It's a sorry state of affairs.'

He was concerned that some of the new regulations could put young people, who were trying to get started, 'up to their eyeballs in debt. Maybe some people can afford a cadillac and a fifty thousand dollar house, but there were times, when I was young, when I didn't know where the next meal was coming from.'

He feels that having the dump next to his property reduces its value. 'There's paper all over the place. Surely there is some way to have one container at the Demorestville dump that people can reach. There's shale down there. They could build it up on one side of the container so you could drive up, dump your garbage and drive down the other side,' he suggested.

There have been some complaints in the township from people who feel they are taxed on a market value assessment while others aren't.

Continued on page 4

How did A and P get go ahead for two more stores on Picton site?

The inclusion of two other stores...an order office and a trust company...on the site of the new A and P supermarket in Picton, has raised some questions.

When the new supermarket was proposed, there were quite a few in town who objected. It would require some zoning changes from residential to commercial and residents in the area thought the noise and traffic might change the quality of their lives. Some business men objected to the proposal to have other stores included in the complex...they could draw business away from the down town core.

An Ontario Municipal Board hearing was held last November. The pros and cons were heard. The presiding officer listened carefully to both sides and concluded that 'a formal order of approval would not be given until the OMB had been notified that a proper site plan had been executed with the Town Council...the content of which is to be substantially the same as the proposals brought out at the OMB hearing.'

A site plan was finally executed which did not include any additional stores.

Now two more stores have been included...How come?

'A and P kept changing its mind,' said Graham Lodge, Picton's Town Clerk. 'A site plan was approved by council. If A and P had gone along and finished the project according to the agreement, they could then have added two stores...or more...later on, as long as the buildings conformed with by-laws...for example covered no more than 75% of the total area.'

It is cheaper and more convenient for A and P to include the two stores now instead of fulfilling the original agreement and building later.

'It's in the town's interest too to do it now,' Mr. Lodge pointed out. 'The town is going to get \$13,000 for granting this...the \$13,000 is for providing necessary services. For example traffic lights might be required to handle the traffic.'

Anyone with any other questions about the site agreement...such as the entrance on to Washburn street...will it be chained at night?...will it be used by trucks?...can get this information by going to the town clerk's office and asking to see the agreement.

ISN'T ANYBODY OUT THERE INTERESTED IN WHO RUNS THEIR MUNICIPALITY? There were plenty of empty seats at the candidates' meeting in Picton's Queen Elizabeth School Friday night. Although the room holds about 200, only 40 'interested citizens' turned up to question present and hopeful council members.

the Quinte Scanner

The Quinte Scanner is an independent weekly newsmagazine founded in 1970, incorporating the Deseronto-Skyway Scanner (est. 1967). It is published every Wednesday by B. Q. Graphics Ltd., and circulated in the Bay of Quinte area. Subscriptions are \$4.00 per year, \$5.00 outside Canada.

Unsolicited manuscripts and other editorial material are welcome and will be considered for publication, but will not be returned unless accompanied by a self-addressed, stamped envelope. Making a flag was one of the more unusual jobs Dorothy McCoullough took on during her terms of office as Deseronto's first woman council member. The flag uses two shades of blue on a white background. Design includes a bridge and clasped hands.

New councillor once a private eye

Continued from page one

'I've had a lot of calls already about the sidewalks,' she said.

She'd like to see a curfew for the children too. They tried it back four or five years ago but when the police picked up a bunch of children and took them home, there was nobody there.

Another thing that bothers her is littering. 'People should think about what they throw on the sidewalks, it's their town,' ... and suggested garbage pails on the main street like they used to have. 'They could chain them to the poles,' she suggested.

Her decision to run for council was a sudden one ... made only on the morning of nomination day. She needed 10 residents' name on her nomination papers ... 'I got them in 18 minutes and got my shopping done too,' she said. Eight were women and the other two men.

'Whatever committee they put me on, I'll do my best,' she said but would prefer the Police Committee.

'I've had a sort of police experience,' she said ... 'I was a private dick back in the 30's when they were cleaning up bootlegging and moonshining. There was Prohibition in the States then.'

'We could get called out any time to

follow up a lead. One time, we were looking for a place above a restaurant but I didn't see how to get up to it. I was in one of the booths and happened to put my hand under the seat and moved a catch. Was I surprised when that opened the access to the upstairs where they were drinking, smoking long pipes and gambling. I had to go up and act natural ... and I didn't even drink or smoke then. My job was to report on what I saw and later the place would be raided.'

'My pay would be slipped under the door ... sometimes \$500 ... and I bought my first car with that money.'

But she quit, 'because it was too dangerous.'

She knows a lot about Deseronto. Her parents retired here from near Odessa in 1946 and she's been coming here ever since. For one year, she worked at Canada Optical and then with a firm making record players at the former match factory.

She came back to Deseronto to stay in 1962 and in 1967, married Merv Cummings. He is also familiar with the town's business. A retired Hydro employee, he was on the Public Utilities Commission here for six years.

Hallowe'en has come and gone for another year. Seems to get quieter all the time. We only had a handful of kids out to our house. Reckon most of 'em must get their folks to ride into town where the pickings is better. It kid of disappoints me to see how many costumes nowadays is store bought, specially the masks. Seems that folks don't use their imagination the way they used to.

Ain't too much tricking neither. Mostly treating. Not like when we was boys. I mind one old feller lived near the railroad track. He was real proud of his yard, always kept here spick and span. Sure as shooting every year the kids would do something to his picket fence. Paint her, or knock her down or something. Well he got real tired of fixing up his fence after every

Hallowe'en, so this one year he hires a bunch of guards to take care of it for him and keep the kids away.

All evening the guards patrolled that fence. Not a kid in sight. He was figuring for sure that he'd won the battle this year, until ten o'clock come around. Every night at ten the train would pull out of the siding by his house. When she pulled out this night, she took the fence with her. The kids had come early, before dark and before them guards, and the little devils had tied that fence to the train. All he could do was stand there with his guards and watch his picket fence going up the track hell for leather.

Goes to show that it takes some figuring to outsmart kids when they're bent on mischief, don't it?

EDITORIAL

Do the people of Deseronto want fluoride added to their water supply?

Some people questioned on the street felt it wasn't necessary because 'the children are getting fluoride treatment at school and everybody can fluoride toothpaste and other products if they want to.'

It's true that children at the Deseronto public school do get fluoride rinses.

Every second Wednesday morning, they take a one-minute walk around the auditorium with their mouths full of a fluoride rinse which they can't spit out until a minute has passed.

All grades except kindergarten participate.

'We don't have the kindergarten children do it because they can't hold the rinse in their mouths...they might swallow it,' Principal Muir said.

So that means that only the children from grade one to eight are getting the benefit of the treatment.

And what they are getting is simply a rinse...what is called a topical fluoride, which only works on the outside of the tooth and helps harden the teeth

already in the mouth. It does nothing to help teeth which are still being formed.

The addition of fluoride to the water system, on the other hand, will help teeth which are still being formed. According to the Dental Unit of the Hastings County Health Unit, this 'systematic fluoride' goes right into the system and reacts with the enamel being formed. It is incorporated into the teeth.

Belleville has had fluoridized water since 1965. Picton also has it. Air force and army bases have had it for many years.

The Hastings Health Unit provided this fact-facts over many years have shown that fluoride in the water system results in about two-thirds reduction in tooth decay in children.

What would it cost Deseronto to add fluoride to its water supply? According to Town Clerk Carman Milligan it would require about \$25,000 worth of equipment, to be paid for over the 40-year plan and operating expenses would run between \$500 and \$1,000 a year.

It doesn't seem like too high a price to pay for a two-thirds reduction in dental decay, does it?

NOTICE OF POLL

NOTICE IS HEREBY GIVEN TO THE MUNICIPAL ELECTORS OF THE

TOWNSHIP OF TYENGINAGA

that whereas more candidates have been nominated to each of the following offices than the number required to fill such offices, therefore polls will be held upon the dates and at the times and places stated in this notice for the purpose of electing the holders of such offices.

Quinte News Round Up

NEW EDUCATION DIRECTOR

Bruce Mather was chosen from four finalist applicants as the new Director of Education for Hastings County.

Mr. Mather was formerly Superintendent of Programs in Halton County ... a portfolio which encompassed wide responsibilities.

His background experience incorporates teaching and senior administrative positions in live school systems over the last 23 years. These systems have been divergent in size, geographic location and philosophy. Two of the boards were Leeds and Grenville, and Frontenac, so he is already familiar with the needs indigenous to medium-sized boards in Eastern Ontario.

Mr. Mather was introduced to board members at a meeting of the board last week, by Chairman M. Graham.

SOD TURNED

James Taylor, MPP for Prince Edward-Lennox, turned the sod which commenced the construction of the Napanee Region Conservation Authority's administration headquarters on the River Road in Napanee.

The building, which will cost about \$200,000 covers 3,170 square feet. It is located on a nine-acre conservation area owned by the authority and will serve as an office and resource centre.

SENIORS' CARD PARTY

There were 12 tables in play at the Bloomfield Senior Citizens' Club card party ... the first for the new season. Next party is scheduled for Nov. 3.

The box of groceries was won by

Mabel Blackburn and the door prize by Marie Parks.

LEADERSHIP AWARD

The annual leadership in Education Award was presented by the Ontario Association of Educational Administrative Officials to Eric Runacres, former director of education for Hastings County.

In presenting the award, M. Townsend, outgoing president, said 'Hastings County, because of his leadership and because of the strong team he developed there, became a Lighthouse Board. Fellow directors and superintendents came often to visit and to profit from the management model that he and his crew had evolved. They came away using such words as open, shared decision-making, problem-solving, a climate of trust in which risk-taking was the norm, the concept of the political broker, a system of controlled change ... tapping the highest potential of its people.'

MEANEST THIEF IN TOWN

Who took the money bubble from Carload Grocery on Friday night?

The plastic bubble had been put in the store that afternoon as a collection box for contributions to the Poppy Day Fund.

'There must have been about \$9 in it,' Jim Lester, store manager, said. 'One

man had put in a five-dollar bill and there were other bills too.'

GAS STATION RE-OPENED

The Spur Gas Station on Dundas Street in Deseronto has been re-opened by the well-known local mechanic, Dick Brant.

Dick's Garage will offer general repairs and services.

IJC PUBLIC HEARINGS

The International Joint Commission has scheduled a series of public hearings in six United States and five Canadian communities to receive the public's views before deciding on what programs and policies to recommend to the Governments of Canada and the United States.

In July of this year, the Pollution from Land Use Activities Reference Group reported on the results of its 5-year, \$15 million study and advised the Commission that the Great Lakes are being polluted from a wide range of land use activities.

Dramatic proposed changes in private land management practices and new government programs proposed by the study group will be the subject of the public hearings.

One of the meetings will be in Kingston, on Nov. 29, at the Holiday Inn.

LOOKING FOR PARADERS

Jeff Barclay, chairman for the Santa Claus parade in Napanee, is looking for majorettes, floats, bands, and other entrants to help make the parade a success.

It's planned for Saturday, Nov. 25, starting from the Napanee District Secondary School at 10 a.m.

'Deseronto always sends Cubs, Sea Cadets, Scouts and others,' Mr. Barclay said.

He can be reached at 354-2146.

NOTICE OF POLL

MUNICIPAL ELECTION 1978

Notice is hereby given to the Municipal Electors of the Town of Deseronto, County of Hastings, that wh ereas more candidates have been nominated for the office listed below, and whereas the Council of the Town of Deseronto has authorized that the 'question' listed below be placed on a ballot for the 1978 election, therefore polls will be held at the times and places stated in this notice.

OFFICE FOR WHICH POLL TO BE HELD:

1. Separate School Representative on the Hastings County Divisional Board of Education (Separate School Electors Only).

QUESTION FOR WHICH POLL TO BE HELD:

1. Are you in favour of the Fluoridation of the Public Water Supply of this Municipality?

The ADVANCE POLL

will be held on November 4, 1978 from 9:00 a.m. to 8:00 p.m., in the Deseronto Municipal Office, 331 Main Street, Deseronto.

The REGULAR POLL

will be held on November 13, 1978, from 11:00 a.m. to 8:00 p.m., in the Deseronto Lions Club Hall, 300 Main Street, Deseronto. (All electors will vote at the same location.)

PROXY APPLICATIONS

A Person who has been appointed a voting proxy may apply to the Clerk not later than 5 o'clock in the afternoon of Monday, November 13, 1978 to receive a certificate to vote by proxy.

Given under my hand this 26th day of October, 1978.

Garbage, taxes election issues in Sophiasburgh

Continued from page one

When asked by the Scanner how the market value tax assessment works, Mr. MacDonald said, 'That's a good question.'

Running for an election, he says, isn't a cheap thing to do, but he thinks people have to get involved.

He's not making any promises about what he will do if elected. 'The only promise I'm making is that I'll do my best...and that's the kind of person I'd vote for.'

ARNOLD DEVRIES

'The garbage in Sophiasburgh is a disgrace. I've already had two calls about it,' said Arnold Devries, RR 8, Pictou. 'Who wants to go all the way to Demorestville to dump it?'

He hasn't been happy with the situation since they took out the depots which used to be located throughout the township for the convenience of residents.

He isn't happy with the assessment situation either. 'This was the first county in Ontario that went on full assessment value,' he said. 'We've always been guinea pigs.'

He pointed out that the tax base is set by the Provincial Government and the school board sets its own.

'We educate the kids and they fly off all over the country because there are no jobs here for them,' he said. And he'd like to see some clean industry in the township which would supply jobs, but he thinks the NOrthport Road is a

Arnold Devries, a candidate for council in Sophiasburgh, discusses local problems with his daughter, Janet, Prince Edward County's Dairy Princess.

poor place to have industry.

Mr. Devries was one of the opponents of the proposal to allow deer hunting with bow and arrow in Prince Edward County.

He and a fellow farmer paid for an ad against it. 'That was cheaper than mending the fences they would have ruined,' he said.

'The government's got crown land by the acre, north of here, they could use Deer as not fair game in this county...they're too tame. You call that sport? That's slaughter. They have no chance to get away from you.'

Mr. Devries had an interesting suggestion for the old quarry on

Highway 49. He'd like to see it developed as a place for kids to swim...instead of in the dirty bay.'

One of his reasons for running for a council seat is, 'There's been no representation from this end of the township,' and he wants to make sure there is.

DEATHS

MRS. ALICE MAE BARNHART

Mrs. Alice Mae Barnhart of RR 1, Deseronto, died at the Qunte Beach Nursing Home in Deseronto, on October 25, at the age of 64.

She had lived in this area all her life.

She was the daughter of Mrs. Bertha Mansfield and the late Solomon Vardy.

She is survived by her husband, Hiram Barnhart and several nieces and nephews. Two brothers and one sister predeceased her.

The funeral was held on October 28, at 1:30 p.m., with interment in the Mohawk Pentecostal Cemetery. Rev. Ross Maracle officiated.

Pall-bearers were Don Pringle, Eldon O'Toole, Fred Brant, Lorne Maracle, Avery Maracle and Peter Doxtator.

NOTICE

The November 13, 1978 regular meeting of Deseronto Town Council has been cancelled. The next regular meeting of Town Council is scheduled for November 27, 1978 at 7:00 p.m. in the Council Chambers.

Ministry warns rabies increase expected this fall and winter season

Rabies may increase above normal levels in parts of southern Ontario in the coming months. Natural Resources Minister James Auld said the 1978-79 season is the tenth year since the disease last occurred, and there was a major outbreak ten years before that...in 1958-59.

'If this 10-year cycle recurs, a peak can be expected this fall and winter,' Mr. Auld said.

NOTICE

CORPORATION OF THE TOWN OF DESERONTO

TREASURER'S SALE OF LANDS IN THE TOWN OF DESERONTO, COUNTY OF HASTINGS, PROVINCE OF ONTARIO TO WIT:

By virtue of a warrant issued by the Mayor of the Town of Deseronto, bearing the date of 10th day of July, 1978, sale of lands in arrears of taxes in the Town of Deseronto will be held in the Deseronto Municipal Office, 331 Main Street, Deseronto at the hour of 2:00 o'clock in the afternoon on Wednesday December 13, 1978 unless the taxes are sooner paid. Notice is hereby given that the list of lands for sale for arrears of taxes has been published in the Ontario Gazette on the 2nd day of September 1978 and that copies of the said list may be had at my offices.

Notice is hereby further given that if any of the said lands remain unsold, an adjourned sale will be held on Wednesday, the 17th day of January, 1979, at the same time and place at which the Municipality may reserve the right to purchase any of the said lands.

Dated at Deseronto this 24th day of July, 1978.

BAHA'I FAITH

QUESTION: Did Abdu'l-Baha leave a successor? (Part 2)

ANSWER: Baha'ullah, in His Writings, commanded the Baha'is to create a further institution which will be known as the Universal Home of Justice and which would be elected by the National Spiritual Assemblies throughout the world. Baha'ullah promised that this body would have divine guidance and to it he gave the right to enact any necessary laws which were not revealed in His own Writings. It will not alter the laws of Baha'ullah, but will make and change any laws which are not found in Baha'ullah's explicit texts and which are needed for the welfare of mankind.

The Universal House of Justice was elected and formed in 1963.

CORNUCOPIA

By Ann McGill

NEW CANADIAN BOOKS

THE DEVELOPERS, by James Lorimer
Many people have become very rich in land development in Canada. Read about the industry's most colourful entrepreneurs and how they reap hundreds of millions in profits every year.

NATURAL DYES, by Hermine Lathrop-Smit

Try your hand at the art of natural plant dyes — easy to follow recipes show how to turn common Canadian plants and flowers into beautiful and unique colours.

KIDS IN THE KITCHEN, by Shannon Ferrier

A cookbook especially designed for young readers who want to experiment with good things to eat. All measurements are metric and every recipe is illustrated.

EVERY DAY A FEAST, by Muriel Breckenridge

Our rural ancestors chose every possible occasion for a feast or celebration and Muriel Breckenridge has collected over 360 of these traditional recipes from all parts of Canada. She has adapted, modernized and tested all of them for everyday family eating that is nourishing, economical and enjoyable.

NOVA SCOTIA DOWN-HOME COOKING, by Janice Murray Gill
Along with the collection of recipes from Scottish-Canadian kitchens of Pictou County, there is a warm lively

narrative as the author recalls the cooking and eating habits of her youth.

THE GENERAL STORE, by Carol Priamo

Long wooden counters, countless shelves, glass cases and candy jars — this was and is the general store. This book explores the history, appearance, goods and mystique of the general store in Ontario as well as giving a glimpse into the general merchant's life.

THE HERITAGE OF UPPER CANADIAN FURNITURE, by Howard Pain

With 250 colour plates and 1207 black and white photographs, this is the most comprehensive study of our early furniture.

BEING ALIVE, by Al Purdy

A very fine selection of recent and earlier poems by one of Canada's best poets.

HENRY MOORE DRAWINGS, by Kenneth Clark

The drawings cover a period of over 50 years and record Moore's discovery of the human figure and his countless ideas for sculpture. Among the more than 300 illustrations are the famous drawings made in the London air-raid shelters in 1940-41, and those of miners at work in his native Yorkshire.

THE HARROWSMITH READER

The best of the first two years of everyone's favourite magazine.

HARROWSMITH

Intelligent articles with an abundance of illustrations in colour and black and white.

HAPPENINGS

Sorry to report Mrs. N. Hainge is a patient in L and A County Hospital.

Sympathy is extended to the families of the late Mrs. H. Barnhart, Mr. H. Newman and Mrs. A. Wilson in the death of members of their families.

Mrs. C. Green and children from Fulton, N.Y. were guests in town along with other members of the family to celebrate the birthday of their mother, Mrs. B. Sly. Mr. and Mrs. D. Sergeant entertained at her home.

Visiting his aunt, Mrs. M.J. Ryan over the weekend was Mr. D. Way, Napanee.

After visiting Mrs. Lottie Anderson and other relatives and friends in the area for the past couple of months, Mr. and Mrs. Alex Robertson motored home to Carstairs, Alberta.

Mr. and Mrs. Freeman Maracle have returned home after spending a week with a nephew and his wife, Mr. and Mrs. Lorne Sero, at St. Regis, Quebec. They enjoyed the trip very much.

The Amateur Choral Group of Shannonville and Area are now travelling courtesy of Wagaw Coach Lines and on Oct. 16 went to Harrowsmith in the afternoon to entertain the Senior Citizens Club. On Oct. 23, the group provided a program for the Coules Club at Grace United Church in Trenton and on Oct. 25, entertained the residents of Rideaucrest in Kingston, following which they were given an interesting tour of that building.

The Arthritis Society Deseronto chapter

People in Deseronto got something in their mailboxes last Wednesday, despite the mail strike — one envelope from the Arthritis Society, requesting help in financing the Society's research and education program.

'Over a quarter of a million dollars of the money raised across Canada is allocated to Eastern Ontario, for research grants and physiotherapists,' said Gordon Bell of Yarker, regional representative for the Arthritis Society.

Mr. Bell was in town to personally deliver the information envelopes to the local post office.

Everyday, Canadians by the hundreds of thousands endure the pain and disability inflicted by arthritis. There are more than 100 different kinds of arthritis, some mild and some severe. It attacks people of all ages, in all walks of life.

The Arthritis Society is the only organization in Canada devoted to solving the problem of arthritis, and to the alleviation of suffering and disability caused by it. Its ultimate objective is the elimination of the disease.

The Society's aim is twofold... to help in the acquisition and dissemination of knowledge about the cause, cure and prevention of arthritis and to assist the health professions, hospitals, medical schools and governments to bring about a rapid and continuous improvement in the quality of care for arthritis.

Medical science can prevent disability in about four out of five patients suffering even the most severe forms of arthritis. Arthritis due to infection can be cured. Arthritis due to gout can be cured. Joints destroyed by arthritis can be replaced with mechanical substitutes.

'The prevention of disability is good,' the Society's brochure points out, 'but it is not good enough. We need to discover the cause and cure of arthritis. Even more important, we must discover how to prevent it. Medicine is close to understanding the inflammatory processes which cause destruction of tissues involved in arthritis. It is likely that the cause and cure will be known within 10 years.'

For more information, you can write to the Arthritis Society, 477 A Princess Street in Kingston.

The County Cupboard spills the beans

SWISS EMMENTALER

It is believed that the first Swiss cheeses with holes began to appear during the Middle Ages at a time when cheesemakers were trying to figure out ways to make bigger and bigger wheels of cheese. Today wheels weigh 175 to 200 lbs., and each requires about 1200 quarts of partly-skimmed milk from cows pastured in both the valley and Alpine meadows of Switzerland.

After the curd is cut, drained and pressed until it is almost dry, it is stored in a warm curing cellar where gas begins to form, and the gas makes bubbles, and the bubbles make holes. The more violent the fermentation, the larger the holes.

Emmentaler is an all-purpose cheese: it is delicious to munch on, excellent in sandwiches, and a definite asset to the cook. If you feel particularly lazy or rushed before your next guests arrive, try the marinated cubes.

MARINATED SWISS CUBES

— Cut Swiss Emmentaler in cubes and marinate several hours in a good spicy garlic-flavoured French dressing.
— Drain well, spear on toothpicks and serve.

LUPA SHETGIA (Swiss Mountain Soup)

White bread, lightly toasted, 4 slices
Swiss Emmentaler, 1 cup grated
Milk, heated to scalding, 4 cups
Salt and pepper
Whole nutmeg, freshly grated
Butter, melted until lightly brown, 2 tbsps.

— In each of 4 soup plates, place a piece of toast. Cover each with about 1/4 cup of cheese.

— Add to each soup plate, 1 cup steaming hot milk. Cover, let stand a few minutes.

— Sprinkle each with salt, pepper and nutmeg and spoon 1/2 tablespoon browned butter over top.
Serves 4.

SWISS CHEESE CROQUETTES

Butter, 4 tbsps.
Flour, 5 tbsps.
Milk, 1 1/2 cups
Salt and pepper to taste
Swiss Emmentaler, 2 cups, grated
Egg yolks, 3
Beaten egg, 1
Milk, 1/4 cup
Flour
Oil, 2 tbsps.
Butter, 2 tbsps.

— Melt the 4 tbsps. butter, then stir in the 5 tbsps. flour until smooth and bubbly. Slowly add milk, stirring until smooth, and season to taste. Add cheese. Cool slightly.

— Beat in egg yolks. Spread mixture in buttered shallow pan; cover with waxed paper, rest 2 hours.

— To make croquettes, cut about 2 — 3 tbsps. of mixture and with floured hands, shape into corks, balls, eggs, etc. When all croquettes are shaped, dip each one into a mixture of 1 beaten egg and 1/4 cup milk; then roll in flour.

— Fry gently in mixture of oil and butter, turning to brown all sides. Serve with tomato sauce or stewed tomatoes.
Serves 4.

From the town pride

The Grouch is growling again - muttering uncomplimentary things about Lions who go to meetings and don't listen to what's going on. What did I do that was so bad? Just because the date of 'Appreciation Night' was changed at the Lions meeting prior to my last report. Sure I was there - of course I was listening carefully - So I announced the wrong date...After all I've only made announcements on two upcoming events since getting stuck with this job...and the fact that I got them both wrong is of no great consequence. Nobody's perfect.

I'm afraid to come out and let you in on the correct date of the event in question. Now let me see, where did I put the notes I took at Oct. 15th's meeting. No matter, this superb memory of mine cannot fail and so I confidently enlighten you with the news that the Lions Appreciation Night will be held Nov. 15th. How's that, Grouch.

Speaking of Oct. 25th's meeting - it took a slightly different form in that the pride gathered at the United Church to partake of th fantastic supper ut on by the ladies of the church before the regular meeting. Rumour has it that some of the overfed Lions never made it back to our own hall.

No new developments of great importance arose from the business portion of the meeting. Again, the traditional affiliation of Lion Clubs with the CNIB was made manifest in the voting of \$50 to that agency. This was in response to an appeal from the CNIB for support in the operation of the recreation centre for the blind at Lake Joseph.

Deseronto Minor Hockey report

BANTAMS EARN FIRST WIN

The Deseronto 'Grant Insurance' Bantams earned their first win of the season Sunday afternoon, as they defeated the Napanee 2 team.

Napanee opened the scoring with a goal by Richard Crouse from Andy Thompson and Steven Pauls, but before the period was over, Trevor Brant had evened the score at one apiece on a solo effort.

The second period belonged completely to Deseronto, as they overpowered Napanee and managed to split the pipes three times in the process. Gary Thompson led it off early in the period with an assist from Fannie VanAlstyne. Then at the midway mark of the period, Chris Brant scored unassisted to bring his team ahead by 3 to 1. Carl Vance from Chris Brant rounded out the period and the locals had a 4 to 1 lead.

Napanee struck early in the third to pull within two of Deseronto as Andy Thompson scored before 3 minutes had elapsed. This was to be the last goal for either side however, and Deseronto Bantams won by 4 to 2.

Good game, boys, and congratulations to Wilfred and Clarence for a well played game. Keep the boys up, for on Nov. 3 Napanee will be looking for their turn when they host Deseronto. The Bantams next home game will be on Sunday, Nov. 5, at 3:30 p.m. against the Belleville Seconds.

DESERONTO JUVENILES BEATEN BY WELLINGTON

The Deseronto juveniles, sponsored by Harry Taras Insurance and Real Estate, were dumped by Wellington 8 to 3 on Oct. 24.

The first period saw Wellington pull into an easy 3 to 0 lead. The second period was even, with two goals apiece to end up 5 to 2 for the visitors.

Deseronto goals were scored by Tim Brant from Tom Maracle, and by Ted Maracle from Ray McGuinness. During the period both teams lost two players due to fighting penalties, Peter Poole and Rick Clark for Wellington and Doug Campbell and Mike Hill for Deseronto. Wellington's Joe Courneya was also ejected from the game for unsportsmanlike conduct.

Deseronto's lone tally in the third came off the stick of Dave Murphy on a set up from Tim Brant and Marc Maracle, but Wellington popped in three goals in the period to end the game at 8 to 3.

The juveniles next game is Oct. 31, and our boys will host the Picton Seconds. Good luck guys.

PICTON MIDGETS DUMP DESERONTO

The Deseronto Reid-Stucliffe Midgets lost their third in a row Saturday night as they lost to the Picton Midgets. After losing in Piccadilly by a close 8 to 7 score last Tuesday, the boys were looking for their first win.

The first period ended in a 3 to 3 tie, with Deseronto goals going to Ron VanVlack from Cory Vick, Ron VanVlack from Lenard Farrell and finally, Cory Vick from Lenard Farrell and Ron VanVlack.

Deseronto potted two more in the second period, Lenard Farrell from Van Vlack and Tom Maracle, and Ronnie picking up his hat trick from Lenard and Art Lightower. Picton was not done, however, and split the pipes three times to take a 6 to 5 lead.

In the third period, it was all Picton, as the visitors scored five times on the Deseronto net. Bob Gordinier, in net for Deseronto, gave up his position to Al Brant late in the third, but Buxton's Boys could not muster a rally.

This write would be amiss if he did not mention the play of Steve McConnell for Picton. Steve scored 5 goals and assisted on 2 more, for a 7-point evening.

Deseronto's Beavers were guests of the Deseronto Cubs at a Halloween party held at the public school, Monday evening. Here some of costumed youngsters pose with Joan Gordanier (Beaver leader) and Duane Gilbert, Akela for the Cubs. Judges of the costumes were Deseronto's Mayor John Neal, Councillor C. Zieman, and Florence Shaw, assistant deputy commissioner for the Cubs. Winners were Brian Lawlor, Steve Woods, David Youmans and David Smith.

The locals get a week's rest now and will host the Wellington Midgets on Nov. 4 at 7 p.m. Let's have a few more fans out next week for some good entertaining hockey.

Legion PEE-WEES dumped by Napanee

The Legion Pee-Wees lost to their rivals Napanee 12-1.

Napanee started scoring mid-way through the first period and kept going for 8 straight goals.

Deseronto's only goal came mid-way through the third period with a goal by Billie McMechan with Doug Peever assisting.

Napanee got 4 more goals to end the game 12-1.

Van Vlack's Atoms

On Saturday, Oct. 28, the Van Vlack's travelled to Belleville to play what turned out to be a very exciting and well played hockey game by the Atoms.

After winning their first game 5 to 4 against Ernestown, the Atoms repeated the score 5 to 4 over Belleville.

In the first period, neither team could score, but in the second period, Deseronto drew first blood (as to say), at the 8:30 mark, it was Michael Van Vlack assisted by Kevin Hill.

Then Belleville came back and scored 3 goals to end the second period 3 to 1 for Belleville.

In the third, Belleville scored the first and their final goal and the Deseronto Atoms showed determination and discipline as they scored 4 goals in the last 6 minutes of the game.

At 6:01, Timmy Smart scored from Mark Loney and Ricky Marlow, then at 5:20, it was Bobby Thompson scoring from Kevin Mooney and Dan McConnell, less than 1 minute later, Kevin Hill tied the score assisted by Scott Davis. With 14 seconds left in the game, Ricky Marlow scored the winning goal from Kevin Hill and Michael Van Vlack.

Great game and good luck goes out to the Atom team who now have 2 wins and no losses.

If you wish to see the Atoms play, the next game will be on Saturday, Nov. 4 in Deseronto at 4 p.m. against Picton and on Tuesday, Nov. 7, in Deseronto at 8 p.m. against Belleville. So we would like to see as many people as possible to support the team.

Dean McCann, son of Mrs. Catherine McCann of Thomas Street, Deseronto, will be valedictorian at the Commencement to be held at Napanee District Secondary School this Saturday.

Library Notes

The librarian was away last weekend attending the Ontario Library Association conference in London, Ont. Ideas gleaned from workshops concerning children's programming, specialized resource materials for native peoples, special event programming, and preservation of local history will be implemented in the library over the next year.

A tribute luncheon was held in memory of Angus Mowat at the conference and Farley Mowat sent his

regards to Deseronto's library.

New books at the library are '20,000 Years of Fashion', a volume useful for designing costumes; Carl Sandburg's 'Wind Song', and Victoria Holt's 'My Enemy the Queen'.

For the children there is the beautifully illustrated 'Race for your Life, Charlie Brown' which is a new Peanuts book. There is also the acclaimed anthology of Canadian poetry for children, 'The Wind has Wings'.

Quinte Beach Nursing Home holds bazaar

A lovely fall day and a warm and friendly greeting from Mrs. B. Helman, staff and residents made the annual Nursing Home Bazaar and Tea a great success.

Members of staff, church groups, friends of residents all helped with donations of crafts, home cooking books, plants. Merchants in Deseronto and Napanee donated prizes for draws.

Friends from Marysville, the Reserve, Shannonville and from as far west as Toronto and from Monken street goods to be sold or made donations.

The theme was Halloween and the tea table and small tables were all decorated with flowers and pictures to denote the time of the year.

The following were winners of various draws: alghan, Mary Murphy; rug shampoo equipment, J. Maracle; plant table, Mrs. G. Lawlor; family portrait, B. Young; oil change, J. Miries; oil change, B. McArthur; headphones, P. Kieth; grocery hamper, D. Asseltine.

All the efforts were so worthwhile and were deeply appreciated by all. Plans for the future include a Halloween Party, a Christmas Party and Christmas concert.

Deseronto Legion News

BY ART HILL

The sports activities are very satisfactory with a large number attending Picton Branch on Friday, Oct. 27, with an inter-sports evening. Napanee was also in attendance

On Saturday, Oct. 28, we had a good turn out and won the cribbage. There were 66 teams competing in all sports. Both these events were very much enjoyed by our members.

The next Inter-Sports meeting will be in Deseronto on Dec. 1. Please make an effort to support these events.

Sunday, Nov. 5, at 9 a.m. we will parade for our Church Service at 9.30 a.m. at the Presbyterian Church. Medals are to be worn. This parade is for all members of Branch 280 and the Ladies' Auxiliary.

Also Comrades please remember on St. Nov. 11, at 10.30 a.m. at the Legion Hall for the Remembrance Service at the War Memorial. Also at the Memorial at the service the Ladies' Auxiliary New Colour will be dedicated by our Padre, Rev. Jack Fletcher.

Log house makes good use of pine's insulating qualities

Back in the early days, in Prince Edward County, pioneers built houses out of logs which were readily-available. And the logs were a good choice of building material. Their insulating factor helped keep the heat in during the long winter months.

Nowadays, with energy-saving and

GORDON WAY

insulation very current concerns, log houses are coming back into their own again.

Gordon and Barbara Way have been building a log house out on Fry's Road with the help of their contractor, Glenn Tripp.

It's built of white pine from L'Amable, near Bancroft, and has an insulating factor of R 14 to 16.

'The air holes in the pine help insulate,' the Ways explained.

The outside walls are 6-inch 12-inch, the inner walls are 4 by 12 and the ceiling is 2 by 6. And the walls don't have to be finished off with stucco, brick, plaster or other materials...all they need is sanding and a coating of urethane-oil mixture.

'It's better than a 4-inch conventional wall,' Mr. Way said. 'Stucco, for example, has no R factor at all.'

They started clearing the lot last spring and, in June, began putting the logs up.

'There was a slight delay in getting the 22-foot ceiling beams which had to be cut specially,' Barbar said. 'That held us up for three weeks and then it rained.'

The logs had to be lifted up on a cable. 'The 22-foot beams weigh about 70 or 80

pounds and even more when green,' they explained. 'There were four people working at that part of the job.'

For some years, the Ways had talked about building a log house...it was their dream, but they didn't know they could get the logs ready-cut until they heard about the supplier in the Bancroft area.

They went up north to look at a cottage that had been put up three or four years before, as an experiment. They had to plow their way in through deep snow to peek in the windows. It had been built with green wood 'but there had been no shrinkage,' Barbara said.

The wood used in the Ways' house was cut last year and is still not entirely dry.

After they saw the cottage, they got stacks of books but no one plan incorporated all they wanted. 'So we drew up our own plans and Glenn Tripp engineered it for us,' they said.

'Construction of the log house was a real challenge,' Mr. Tripp said. 'With a log house everything has to be done differently to coincide with the size of the logs. For example, you couldn't put a narrow railing on a wide stairway.'

'All the logs were grooved and we made pine keys to hold them together, then calked on each side of the key. And each corner was locked together. It could have been built without nails but we did use some.'

What they have ended up with is a house 2,319 square feet in area, built in the woods. The living space is wide open...a living room with a huge fireplace, a music room, dining and kitchen areas. Two bedrooms, one a master suite with its own bathroom, are at one end of the house and there is another room to serve Mr. Way as an office. He is Sophiasburgh's township clerk.

The full basement allows for a large family room with a wood-burning stove, laundry space, a cold room, and a two-car garage.

And the furnace is of a type now becoming popular, burning both wood and oil.

'We kept five acres of hardwood,' Mr. Way said. And he has been cutting wood down and bringing it in to pile up in large stacks in the basement.

'I hate to see the trees cut down,' Mrs. Way said. 'We cut as few as possible so you can't really see where they came from.'

The log house, on the Fry Road blends naturally into its wooded setting.

She loves wood. 'I grew up around it,' she said. 'My father, Fred Cooper, had a sawmill at Bloomfield. He spent his whole life with wood. I wish he was alive to see this place.'

But much as she loves wood, she's not having pine floors in the house. 'I've had them before,' she explained. 'They are perishable and they show every mark.'

So sub flooring has been put down, to be covered with plywood, and carpeting or cushioning.

Because of the thickness of the outer walls, the windows have been installed flush with the outside and have to be filled in on the inside. They are blowing insulation around the window frames and in the ceiling.

Is such a house an expensive one to build?

Mr. Tripp figured the cost at under \$50,000...complete with furnace.

BARBARA WAY

plumbing, wiring etc. 'I think the house, for its size, will run cheaper than an ordinary house,' he said.

The same type of log construction has been used for the Auction Barn at the corner of Highway 49 and Condy Road 6.

Sophiasburgh should get garbage pick-up no matter who's on council

There are five people running for three council seats in Sophiasburgh Township. Three of them, Paul Aman, Leland Dossie and Glenn Tripp, are on the present council. Contesting the incumbents are Max MacDonald and Arnold Devries.

Last week's Scanner carried comment from MacDonald and Devries concerning garbage... 'It's a disgrace,' Devries, and zoning... 'A sorry state,' MacDonald.

This week, the three incumbents have their say.

GARBAGE

All three...Tripp, Aman and Dossie...are in favour of a house-to-house garbage pick-up...As long as it doesn't cost too much.

Sophiasburgh Council puts out a tender for garbage disposal once a year. The present contract expires the end of this month and council has called for new tenders not just for disposal from the central garbage depot at Demorestville but also is getting tenders on house-to-house pick up.

Councillors have also talked to Hollowell Township to investigate the

NOT ONE BALLOT went into the box at the advanced poll in Deseronto's Town Hall on Saturday.

No interest shown in advance poll

Saturday was a long day for Blanche Deltor, deputy returning officer, and Kay Hood, poll clerk, as they 'manned' the advance poll in Deseronto's town hall from nine in the morning until eight at night...and not one person came in to cast a vote.

'I've been here a good many years,' Blanche said. 'Sometimes it's been slow, but this is the first time when there have been no voters.'

'I never heard of such a thing before,' said Carman Milligan, town clerk. 'Two years ago, 15 voted at the advance poll and one year they got up to 28. But there isn't much to vote about this time. There is the question of fluoridation...a choice which is given to all voters...and 27 people in town are eligible to vote for separate school representative.'

possibility of having Hollowell pick up some of the garbage from Sophiasburgh.

'At the present time they are not in a position to handle it,' said Glenn Tripp, 'but they would be interested in doing part of Sophiasburgh at a later date.'

Why were the depots throughout the township removed some years ago? 'People were making a mess at the previous bins,' Paul Aman said. 'And the wolves were getting into the bins at Fish Lake Road.'

Leland Dossie pointed out that even with a door-to-door pickup there would still be a need for disposal of brush and other large articles.

ZONING BY-LAW

Sophiasburgh's proposed zoning by-law did not get approval from the Ontario Municipal Board. The original proposal was circulated to all householders but the amended proposal was sent only to those people who had made formal objections to the OMB.

The OMB ruled that the amendments were of such a nature that the amended

training the young uns have been getting, if n by the time they finish high school they still think that sort of stunt is funny.

Now I know as the students and staff don't treat each other they way they did in my day, maybe that's not so bad. I recall when it were sure fire grounds for dismissal if n a teacher were seen coming out of the beer parlour.

Still and all, reckon there ain't no call to get that informal with the kids to the point where they figger they can throw eggs and get away with it. Trouble is, that youngster probably will get away with it too.

Here there were a real shinding over to Picton's high school last week - at the graduation ceremony. Some clown run in and hauled off with a egg at the principal - don't know if n it were rotten or not.

Ain't been no names mentioned, but the teachers say they know who done it, even though he run out real quick.

Maybe it ain't none of my business, being as how I ain't got no kids in school no more, but it sure don't strike me as good advertising fer the kind of

LETTERS

25 MILE GARBAGE TRIP

Dear Editor:

I refer to the letter to the editor from 'Sophiasburgh Resident' and to your news item regarding the garbage problem in the Township of Sophiasburgh, both of which appeared in your paper of 18 October, 1978.

As one of those who must count on a 25-mile round trip for the sole purpose of delivering garbage to an overloaded muddy depot at Demorestville, I applaud any efforts that anyone might make to improve the service, even if it were only to have bins once again placed at convenient spots throughout the township, provided they were cleared more frequently than they were formerly.

Your article states, 'We were paying for them and our own residents didn't get full value. They were being abused by out-of-township people,' the Scanner was informed by the township clerk's office.

So, in order to frustrate the intentions of the occasional tourist, council withdrew an important service from the people who needed it and who were paying for it. I don't think we're getting full value now, either!

Yours very truly
(Mrs.) Sheila Gribble

DISAGREES WITH NUCLEAR STAND

To the Editor:

It's time.

It's time to accept the fact that Ontario, for the next century or so, will depend to a large extent on nuclear generated power.

It's time opponents of nuclear power realized their support of a safer nuclear program would better serve the province than does their wholesale condemnation of nuclear energy.

It's time editorials and provincial affairs were taken off the front page and replaced with local news and features.

Sincerely,
Mark Weidmark
Port Hope

TO KEEP FROM FAILING - DON'T TRY

Dear Editor:

The night of Thursday, November 9, was scheduled to be a significant moment in the history of the town of Deseronto. It was to have been the time when Deseronto would ice its first Intermediate hockey team for a game against Tweed. Instead, there will be no cheering in the local arena on Thursday nights. Not enough local players were willing to risk their present situation for future gains.

This was a unique opportunity for the town and the area. In the early summer there seemed to be great enthusiasm for the idea among local players and the Trent Valley League was anxious to have us join them. At the same time the decision had been taken not to operate an Intermediate team in Napanee and

extra players would be available from that quarter. We were also confident that the local mens league would be operating strongly again this year and felt that Intermediate hockey would provide a useful alternative to the 'no-contact' approach taken by the local league. There is no question that the Trent Valley League is one of the best managed Intermediate leagues in the province, with each of the four other towns of similar size and within easy distance of Deseronto.

However, by the time we were ready to begin operations this fall it became clear that more than the normal amount of sceptical and negative comment had been circulating. The players evidently had been listening because less than a handful of local players ever came to practice with us. On behalf of the OHA we tried to build the team from outside the town but we couldn't hope to draw the best Napanee players away from the highly-competitive Kingston Senior League and so the attempt was lost.

It almost seems that in a subconscious

way our local people faced opposition by adopting the motto: To keep from failing - don't try. This situation reflects an even more serious failure of purpose, a reluctance to grasp an opportunity and to strive for excellence. To me good hockey is a constant pursuit of excellence. Here before us was a chance to pursue that goal. It was also a rallying point for the spirit and resolve of this town. A beginning, perhaps, but a brave one.

We must, however, express our appreciation to the businessmen, many of whom were from outside Deseronto, who were willing to donate funds for the team. Our great appreciation must also be expressed to the management of the Community Arena who stood with us through some rather lean experiences. Our most important debt lies toward those many fans who enquired as to our success and were disappointed.

Sincerely,
Bill Rendell

Quinte News Round Up

WANT TO MAKE BEAUTIFUL MUSIC?

Ernest Doughty, a vice-principal at Napanee District Secondary School, is looking for people who can play horn or tuba and euphonium players, for a band he is putting together. Already, 25 people have gathered for practices with ages covering a broad area ... from teenagers up to the '60's.

Mr. Doughty was formerly music director at the school.

WILL SANTA COME?

The Santa Claus Parade in Picton, scheduled for December 1, is having trouble getting off the ground.

Last week, only two bands were confirmed.

If there is enough public response, and enough entries, plans are to start the parade at the Fruit Growers Co-operative on Main Street West at 10 a.m. It will travel to the County Centre, where trophies will be awarded.

WAS DESERONTO REEVE

George Lyons, former Reeve of Deseronto, has been acclaimed Reeve of Stirling for the next two years.

AGRICULTURE ... FOOD PROVIDING JOBS

A total of 1384 students have enrolled in programs offered at Ontario's four colleges of agricultural technology and the University of Guelph, a 4.9 per cent increase over last year.

The largest increases occurred in courses in applied agriculture.

Programs offered prepare students for jobs in farming, agricultural service industries, horticulture, food service management, home economics, animal health technology, agricultural laboratory technology and equine technology.

'With as many as 20 per cent of the new jobs in Ontario being created in the agriculture and food industries, there is real opportunity for young people with diplomas in these courses,' Agriculture and Food Minister Bill Newman said.

So there you have it ... all you young folks who want to get a job and get ahead ... forget the old advice about ... 'Go west, young man' ... head for the ag-food courses.

ON PARKS COMMISSION

Mrs. Jean Morrison, publisher of the Napanee Beaver, has been appointed to the St. Lawrence Parks Commission. Ernestown Reeve Cecil Kidd is the other member from Lennox and Addington County.

The commission operates 16 parks between Glenora and Adolphustown.

DESPITE HEAT WAVE - WINTER IS HERE

The Ministry of Transportation and Communications has made winter official...as of Nov. 6, its winter road reporting service went into operation.

The Road information centre at Toronto and the Ministry's 18 district offices can answer your questions about road conditions 24 hours a day, seven days a week.

Kingston, 544-2220 is the nearest one for this area.

Library Notes

To make you laugh the library offers Eric Nicol's new book, which lampoons one of Canada's favourite sports, 'The Joy of Hockey'. In the area of fiction, there is Sterling Hayden's novel, 'Voyage' and M.M. Fernigan's 'Forbidden City'.

Take a look at the two new books being featured with the Industrial History Display, Deseronto profited heavily in its early years from nearby forests so it is interesting to read 'A Panorama of Canadian Forests' and 'Forest Flora of Canada' when considering this town's development.

In the window is a Remembrance Day display. There are several new additions here; James Leasor's 'Green Beach', J. B. Lamb's 'The Corvette Navy' and the volume 'Badges of the Canadian Forces'.

Please plan to come to the Deseronto Lions' Hall on Saturday evening, Nov. 18, at 7:30 to see a professional mime troupe perform in the tradition of Marcel Marceau. This entertainment comes to you through your public library system.

Quinte Link Rebekahs install officers

The Installation of the Officers of District No. 3 which includes Parham, Harrowsmith, Yarker, Gananoque, Kingston, Napanee, Odessa and Deseronto, Tweed Lodge No. 236 were invited to install Deseronto Lodge with our District Deputy President Mrs. June Carruthers doing the installation. Deseronto team installed Tweed with the District Deputy President of District No. 4 at Tweed, Mrs. Myrtle Gunning.

Quinte Link is the youngest lodge in the District, in fact is still last in the Constitution, having joined in Dec. 1973, which is a credit to all for the performance of their team, which were as follows: District Deputy President Mrs. June Carruthers; District Deputy Grand Marshal Alice Maracle, District Deputy Warden Nancy Tompkins, PNG, Art Hill, District Deputy Recording and Financial Secretary, District Deputy Treasurer Susan Unger PNG, District Deputy Chaplain Mrs. Jennie McQueen, kDistrict Deputy Inside Guard Mrs. Eleanor Lindsay, District Deputy Outside Guard Mrs. Luella Abrams, The Guard of Honour were Mrs. Mabel Walters, Mrs. Lillian Unger, Mrs. Grace Martin, Mrs. Evelyn Steward, Mrs. Alice Clarke, Mrs. Jean Martin, Mrs. Addie Stone, Mrs. Luke Gordanier, Mrs. Beryl Nerman, Mrs. Beatrice Woodcock, Mrs. Beatrice Woodcock replaced Mrs. Beryl Sherman when she became hospitalized at a few hours notice.

On Monday Oct. 30, in the Upper Hall of the Royal Canadian Legion Branch 280, Deseronto, Quinte Link Lodge was installed by Tweed. The Noble Grand Mrs. Nancy Tompkins PNG opened this special meeting by welcoming all the visitors and members. We had the pleasure of the company of Mrs. Margaret Duckwood, past president of the Rebekah Assembly of Ontario; Mr.

Gordon Grouse, Past Grand Master of the IOOF on Ontario; Mrs. Pauline Taylor, Past president of the Rebekah Association on Ontario; Mrs. Hazel Galbraith, past president of the Rebekah Association of Ontario; Mr. Russell Galbraith Past grand patriarch of the Granch Encampment of Ontario.

Over 130 Sisters and Brothers were in attendance from Lodges in Tweed, Kingston, Harrowsmith, Napanee, Odessa, Belleville, Picton, Thmasburg, Stirling, Windsor, Toronto and Deseronto.

The following officers were installed in Quinte Link Lodge for the term 1978-79: Noble Grand Mrs. Addie Stone, vice-grand Mrs. Lulu Gordanier, recording secretary Art Hill PNG, financial secretary Eleanor Lindsay PNG, treasurer Susan Unger PNG, warden Noreen Hubble, conductor Grace Martin, inside guard Beatrice Woodcock, outside guard Lillian Unger, RNSG A. Maracle PNG, LSNL Luella Abrams PNG, RSVG Evelyn Steward, LSVG Mabel Walters, Chaplain Alice Clarke, musician Millie Burleigh, colour bearer Vera Powell.

After the installation, gifts were presented by the Deseronto Installing team to Tweed's team. DDP June Carruthers received gifts from the Lodge and her Installing Team. Other presentations were made. DDP June Carruthers introduced her team and spoke of her aims and the hopes for a very successful year.

The Past officers of the Rebekah Assembly and Grand Lodge of Oddfellows addressed those present. After the meeting was closed, every one enjoyed a delicious lunch prepared by the Ladies Auxiliary of the Deseronto Legion.

Incumbents reply to criticism from Sophiasburgh council contenders

Continued from page one
each program to hold the mill rate,' Mr. Tripp said.

'The by-law was a little stiff. We're making amendments now and we will have to circulate them,' said P. Aman. 'But we think we have to have some restrictions. I can't see someone putting up a \$50,000 house and then a shack up beside it.'

'The township needs to have some control over subdivisions,' Leland Doxsee said. Mr. Doxsee was reeve for five years and was also, at one time, a member of the school board.

He pointed out the situation now existing in the Shenandoah subdivision, started by Joe Simon of Burlington on the Northport Road.

'He subdivided and sold off lots. Now he wants council to buy the roadway in the subdivision as if it was a lot. At present there is no way to plow the roadway. It's not a township road. We had to get his permission to go in and plow it last year and the people who live in the subdivision paid for us to do it.'

'We hope that when the by-law goes through, they will have to bring a subdivision plan for approval. We don't want to start building roads for subdivisions.'

Glenn Tripp said that township went as close as possible to the county plan in its proposed by-law. The Government says we have to do things a certain way.

He pointed out that municipalities had to have by-laws about property standards, zoning, etc. in order to be eligible for programs such as the Ontario Home Renewal Program.

TAXES

'This year, although the tax for schools went up, the township kept its part of the mill rate the same as it was in 1977,' Mr. Aman said.

'We took a little off roads, a little off each program to hold the mill rate,' Mr. Tripp said.

When asked about complaints of seemingly-unequal assessment of property he said that council has no say about assessment. The Provincial assessment office in Trenton has the say about it.

'Prince Edward County was supposed to have a gone on full market value assessment but it never has,' he said.

INDUSTRY

When asked why there was no area in Sophiasburgh zoned specifically for industry, Mr. Tripp said, 'I think we need industry, wherever it can be located, but not on good farm land. Council could go out and buy land for industries but council is not in this business.'

RECREATION

Paul Aman said he thought the recreation programs should be kept going. 'We should look ahead for the young people.' He is a member of the recreation committee.

Mr. Tripp, chairman of the recreation committee, said, 'We have a certain amount from council each year for recreation but for extra things we raise our own money.'

And the committee has been doing just that. It has had a refreshment booth at various events, including a daily stand at the Northport Park this summer which was run by the young people to raise money for baseball equipment. The committee has now purchased a trailer which can be used as a travelling booth at special events.

'We think as much money as possible should be earned by raising it, instead of going to council for every cent you want,' he said. 'This was the first year we put on a supper for the baseball youngsters and we didn't have to go to council for the money.'

DEATHS

HUGO NEWMAN

Hugo Newman, of 280 Dundas St., Deseronto. On October 25, 1978, at his residence, of a sudden illness. He was 81 years old. Mr. Newman, born in Kadov Czechoslovakia was the son of the late Mr. & Mrs. Vichislav Newman. He is survived by a daughter, Mrs. Bill Crabbe (Vera) of Belleville, Ontario.

Mr. Newman operated a grocery store in Deseronto until two years ago, when he retired. He was a member of the United Church, the I.O.O.F. Deseronto Lodge No. 102, was past Noble Grand, also Past District Deputy Grand Master, Junior Past Noble Grand Rebekah Quinte Link Lodge 390 and was Noble Grand at time of his death.

JOSEPH ANDREW McNAMARA

Joseph Andrew McNamara of Lonsdale, Ont. died in the Kingston Psychiatric Hospital, Kingston, on Nov. 1, at the age of 60, following a lengthy illness.

A son of the late John McNamara and the late Margaret Howell, he had lived in the Lonsdale area all his life, until the last few years in hospital.

He is survived by a brother, Dominic McNamara, Deseronto, and a sister, Mrs. Margaret Crawford of Toronto. He was predeceased by brothers and sister, Vincent, James, Frances and Mrs. Agnes Roach.

Mr. McNamara was a farmer and was educated in Lonsdale and Deseronto. He was member of Holy Name of Mary Church, Marysville, and a member of the Holy Name Society.

Funeral was held from the Holy Name of Mary's Church, Marysville, on Nov. 4 at 10:30 a.m. Father T.G. Scanlan, P.P. officiating. Interment was in Holy Name of Mary Cemetery.

Prayers were said Friday evening at 8 o'clock by Father T.G. Scanlan, with a number of friends.

Pall bearers were John Zadinics, Vince Sexsmith, Leo McCullough, Edmond Dowling, Ken Black and Matt Cassidy.

BAHA'I FAITH

QUESTION: Did Abdul-Baha leave a successor?

ANSWER: In His Will and Testament, Abdul-Baha appointed His grandson, Shoghi Effendi Rabbani, as the Guardian of the Faith. Shoghi Effendi was a direct descendant of both the Herald of the Baha'i Faith, the Bab, and its Founder, Baha'ullah. According to the Will and Testament, the Guardian was the unerring interpreter of the Baha'i Writings and the one to whom all must turn for guidance. Under his guiding hand the Baha'i Faith spread rapidly throughout the world. At his passing in 1957 he left twenty-seven hands of the Faith, or Custodians of the Faith, whom he had appointed to guide and protect the Faith.

CARDS OF THANKS

THANK YOU

Many thanks for the excellent support from sales of chocolate bars to assist multiple sclerosis for Hastings District Chapter.

M.S. Carnation Day has sales of \$203. Bless you all! You really topped that this time with \$300 to be put to very good use for multiple sclerosis for this district.

Tax deductible receipts will be issued for donations over \$10.

June Thompson

THANK YOU

Sincere thanks to all those who helped in my recent sad bereavement in the loss of my daughter, Alice (Bardy) Barnhart.

My appreciation to relatives, friends, neighbours, Ladies' Mohawk Guild, Senior Citizens' Clubs of Deseronto and Tyendinaga Reserve, staff of Quinte Beach Nursing Home, Rev. George Elson and Mr. Peter Morris.

You many acts of kindness have been a source of comfort to me and are very much appreciated.

Mrs. Bertha Mansfield

THANK YOU

I wish to thank and bless all for their kindness to my mother, Mildred Westall, while she was a patient in Belleville and Napanee Hospitals, and for continued concern while she is now home for a while. Also for the concern given my father and myself.

June Thompson

CORNUCOPIA

The other day, a friend of mine said, "I think they're pushing things too far with this environmental stuff." I didn't argue... a man, convinced against his will, Anyway, would he have believed me if I had told him that, according to the World Health Organization, up to ninety percent of human cancer is 'environmentally caused'. Other sources are even more precise: the vast majority of human cancer is caused by the chemicals we breathe, eat and work with. The 'cancer maps' prepared for the U.S. and Canada establish clearly: cancer and industry are clustered together.

Each year, 1,000 new chemicals come into use, which probably explains why the chemical, pesticide, food additive, food colouring, pharmaceutical, smelting and plastics industries are not very keen about having laws making pre-testing of potentially toxic chemicals mandatory. Despite this the U.S. now has a Toxic Substances Control Act which puts the onus on a manufacturer to prove that a new chemical is not carcinogenic. Usually Canada tumbles along after the Americans. However, perhaps there is no need - after all most of our industry is owned by U.S. corporations.

Last year the workers at Johns Manville in Newfoundland stayed out on strike after the monetary issues were settled because of their concern about the amount of asbestos in the air OUTSIDE the plant. The regulations allow two fibres of asbestos per cubic centimetre of air - this is, conveniently,

NOTICE

CORPORATION

**OF THE
 TOWN OF DESERONTO**

TREASURER'S SALE OF LANDS IN
 THE TOWN OF DESERONTO,
 COUNTY OF HASTINGS,
 PROVINCE OF ONTARIO TO WIT:

By virtue of a warrant issued by the Mayor of the Town of Deseronto, bearing the date of 10th day of July, 1978, sale of lands in arrears of taxes in the Town of Deseronto will be held in the Deseronto Municipal Office, 331 Main Street, Deseronto at the hour of 2:00 o'clock in the afternoon on Wednesday December 13, 1978 unless the taxes are sooner paid. Notice is hereby given that the list of lands for sale for arrears of taxes has been published in the Ontario Gazette on the 2nd day of September 1978 and that copies of the said list may be had at my offices.

Notice is hereby further given that if any of the said lands remain unsold, an adjourned sale will be held on Wednesday, the 17th day of January, 1979, at the same time and place at which the Municipality may reserve the right to purchase any of the said lands.

Dated at Deseronto this 24th day of July, 1978.

Carman J. Milligan
 Clerk-Treasurer
 Town of Deseronto

about what the filtering equipment could manage. Asbestos is, by the way, an indestructible mineral; that is, breathed or swallowed, it does not dissolve. Two fibres per cubic centimetre is a lot of fibres particularly when it has been established that seven percent of all cancer deaths in the U.S. are caused by asbestos.

A decade ago the Ontario government announced that, in future, the polluter must pay and so, in 1971 it sued the Dow Chemical Co. for \$35 million for depositing five tons a year of mercury into the St. Clair River. Seven years later the Ontario Government dropped its suit when Dow agreed to pay each fisherman whose livelihood had been lost \$6,000, a total of \$350,000. Dow also agreed to give the province a startling \$150,000 towards the cost of continuing studies of water quality in the Great Lakes. On the other hand the province GAVE Dow \$98,000 in Pollution Abatement grants from 1971 to 1974, that is at the same time as they were pretending to sue them for \$35 million!

The polluter pays? of course not - as usual, we pay. But even we are not paying the real price. The real price will be paid by our children and grandchildren.

Future games: Friday, Nov. 10, 7 pm, Roblin VS Reserve, 8:30, Marysville VS Stevens Cartage; 10, Natural Resources VS Deseronto.

Monday, Nov. 13, 7 pm, Stevens Cartage VS Natural Resources; 8:30, Reserve VS Deseronto, 10, Marysville VS Roblin.

Scoring leader, Jason Morris (Deseronto) 2 goals, 11 assists and 13 points.

Deseronto Minor Hockey News

VAN VLACK'S ATOMS SPLIT A PAIR WITH PICTON

On Saturday, Nov. 4, Deseronto hosted Picton Atoms and won 10 to 5. In the first period, Deseronto led 3 to 2 at 8:35. Kevin Mooney scored assisted by Bobby Thompson, at 7:31. Kevin Hill scored unassisted and with 18 seconds left, Bobby Thompson scored assisted by Michael Van Vlack to end the period.

Picton tied the score in the second until Kevin Hill scored at 9:28, assisted by Micheal Van Vlack, at 4:04 Bobby Thompson scored assisted by Kevin Mooney.

The third period was all Deseronto with Mark Loney making the best moves of the game scored at 13:18 unassisted. Then at 11:45 Micheal Maracle scored from Don McConell, at 4:12 Bobby Thompson scored his hat trick assisted by Kevin Mooney and Micheal Maracle, Kevin Hill also got a hat trick at 1:15 assisted by Micheal Van Vlack and Chris Cassidy. Mark Loney scored his second goal at 1:04 to round out the scoring assisted by Scott Davis. Final score, Deseronto 10, Picton 5.

On Sunday, Nov. 5, the Van Vlack Atoms lost 7 to 6 to Picton Atoms. The first period the score was tied 3 to 3, Bobby Thompson scored unassisted at 9:45, then at 6:37 Mark Loney scored from Kevin Hill, the last goal of the period Micheal Van Vlack scored from Chris Cassidy.

The second period was all Picton as the Deseronto boys let up and allowed Picton to score 4 goals to lead 7 to 4. The only goal of that period was scored by Ricky Marlow assisted by Kevin Hill and Kevin Mooney.

The boys tried to come back in the third but fell short by one goal as they scored the only 2 goals of the third period, at 6:45 Micheal Van Vlack scored assisted by Kevin Hill. Then Micheal V. an Vlack got his hat trick at 1:03 assisted by Micheal Maracle. Final score, Picton 7, Deseronto 6.

Picton got goals from Lloyd Rankin (2), Kevin McAlpine (2), Robert Jones (2) and Lionel Heffernan, one goal. Well played game by both teams.

Next home game for the Deseronto Atoms will be Saturday Nov. 11 in Deseronto at 4 p.m. against Wellington, and we would like your support at this game.

Also don't forget that on Nov. 18, at 7:30 p.m. the CKWS No-Stars will play

the Deseronto Old Timers at the Deseronto Community Centre with a dance at 9 p.m. with tickets costing \$5 per couple (first come, first served). Proceeds to the Van Vlack Atoms hockey team to help pay for ice time and travelling expenses. We would like your support and tickets for game will be adults \$1.50, students \$1 and children under 10 free.

LEGION PEE-WEES TROUNCED AGAIN

The Deseronto Legion Pee-Wees hosted Ganoanoke Saturday, Nov. 4. Can came out hustling early in the first period getting two goals. Can had a two to nothing lead going into the second period when they increased their lead to a 3-0 deposit. Deseronto scored with no more than a minute to play with a goal by Steve Cassidy and Drew Vick received credit for the assist.

There was a glimmering light at the end of the tunnel for Deseronto but Can ruined their chances getting 5 more goals in the third period. This ended the game 8-1.

The next game is against Belleville at home, Nov. 11, at 5:30.

Deseronto Legion News

BY ART HILL

On Sunday, Nov. 5, the Legion with the Ladies Auxiliary attended the Presbyterian Church and were welcomed by the Rev. Jones.

Do not forget, Comrades, Sat. No. 11 at the Hall at 10:30 a.m. The Ladies Auxiliary's new colour will be dedicated by our Padre Rev. Jack Fletcher just prior to the 11 o'clock service at the War Memorial.

Tickets are now on sale for the Pancake Breakfast and Dinner on Sunday Nov. 19. Breakfast \$1.25—dinner

\$2.50. Come and join with our friends from Bay Ridges who will be spending the weekend as our guests. Darts, crib and euchre will be played.

On Nov. 13 there will be an executive meeting and Nov. 17 will be the general meeting. Please make an effort to attend.

Everyone will receive a Bulletin in the very near future. Please read and endeavour to all do our share towards the betterment of the Legion.

Quinte Old Timers meet

The Quinte Old Timers met on Wednesday, October 18. The President Mabel Moon presided and the meeting was opened by singing "O Canada" and repeating the Lord's Prayer in unison.

The secretary, Kay Hood, read the minutes and the correspondence. Treasurer Eric Gustafson gave a financial report and a motion was made to pay an account which had just been received.

Grace Martin reported one honorary member and nine regular members and 29 members paid for 1979. At this time it was reported that Albert Reid was made a life member on Aug. 9, at a picnic at the home of Elsie and Leo Palmer. Mark Maracle, a member since the Quinte Old Timers Club was formed is unable to attend because of illness, so he was honoured with a life membership.

Deseronto 3; Marysville 8, Roblin 3; Natural Resources 6, Reserve 3.

Team standings: Deseronto, 5 wins, 0 losses, 2 ties, 12 points, 41 goals for, 24 against.

Stevens Cartage, 4 wins, 1 loss, 2 ties, 10 points 35 goals for, 15 against.

Marysville, 4 wins, 2 losses, 1 tie, 9 points, 33 goals for, 24 against.

Natural Resources, 3 wins, 4 losses, 0 ties, 6 points, 27 goals for, 32 against.

Roblin, 2 wins, 5 losses, 0 ties, 4 points, 24 goals for, 24 against.

The Quinte Old Timers choir leading in singing under the direction of Maude Cochrane. After the singing many members enjoy euchre. The craft classes proceed at this time, under the direction of Mrs. Margaret Rose Iofgrin. Arrangements were made through Loyalist College and the course is financed from an amount specified in a New Horizons grant. The course is well attended but any member who would

like to take crafts would be welcome to attend.

The meeting adjourned and a luncheon was served by Elsie Palmer and committee.

Winners at the Quinte Old Timers euchre party on October 30, at the Lions Club Hall were: ladies, first, Elsie Palmer, second, Carmel Dorey, consolation, Hilda Howard and lone hand, Edith Gaulin. Men's first, T. Sherman, second, Clayton John, consolation, Jack Hochmuth and lone hand, Jesse Silver. The door prize, a box of groceries, was won by Leo Palmer.

Safety, instant cash and a good return

New Canada Savings Bonds are a safe, secure investment. They're instant cash anytime. And now they earn a higher return—9.25% every year for 7 years.

All purchasers will receive the new rate, even though the application forms and the bond certificates have the old rates printed on them. The new rate is effective from November 1 to maturity in 1985.

The Regular Interest Bond

If you want a regular annual income from your investment you'll like the Regular Interest Bond which pays interest automatically each November 1.

If you're like many bondholders you'll appreciate the direct deposit feature. With this convenient option, your interest is deposited directly into your chequing or savings account.

Simply ask for it when you buy your new bonds. Or, you can receive your interest by cheque through the mail.

TO THE ELECTORS OF SOPHIASBURGH TOWNSHIP

I would like to have the opportunity to serve you as a member of your council.

I want to see that you get full value for your tax dollar

I would appreciate your support on November 13

New Canada Savings Bonds

The Compound Interest Bond

If you seek savings growth, or an investment for the future, or a retirement fund, you'll choose the Compound Interest Bond which earns interest on your interest, after the first year, at the increased rate of 9.25%.

Here's how the value of a \$100 bond grows

Nov. 1	Value	Nov. 1	Value
1979	\$109.25	1983	\$155.63
1980	\$119.36	1984	\$170.03
1981	\$130.40	1985	\$185.76
1982	\$142.46		

The choice is yours

You can buy the Regular Interest Bond for cash in denominations of \$300, \$500, \$1,000, \$5,000 and \$10,000.

The Compound Interest Bond may be purchased for cash or on the convenient Monthly Savings Plan in denominations starting at \$100.

A dual purchase limit

You may buy new Canada Savings Bonds in various amounts up to a limit of \$30,000. In addition, holders of "S24" and "SR" bonds may reinvest all proceeds from their maturing bonds in the new Series.

Buy yours now

Millions of Canadians will be buying Canada Savings Bonds again this year. So visit your bank, investment dealer, trust company or credit union as soon as possible and take advantage of the increased interest rate. Do it now and avoid the rush.

HAPPENINGS

Mr. George H. Maracle visited his friend, Kenneth McNaughton in Brantford Rooming House. They had not met each other for 51 years. since

(Jan. 1927.)

W.O. Paul Gecvik and Mrs. Sevcik of Bramalea were weekend guests of her parents, Mr. and Mrs. Don McMillan.

Mrs. Kay Hood and Mrs. Violet Barbier attended the 'Rob Roy Ceilidh' in Kingston on Friday, Nov. 3. Mr and Mrs. Fred Suggashie went to the evening entertainment and dance on Saturday evening. The two-day special occasion was the 25th anniversary of the Rob Roy Pipe Band, with reunion of former band members and friends.

The Royal Canadian Legion and Ladies Auxiliary of Deseronto attended the 9.30 service at the Church of the Redeemer on Sunday. The reading, 'In Flanders Fields' was given by Ted Rose and Mrs. Rose read the Scripture.

Glad to hear Mrs. Beryl Herman has returned home from the Lennox and Addington Hospital.

The Lion (Elizabeth Everhardus), the witch (April Yarrow) and Dorothy (Jennifer Lindsay) will be on stage at the Sophiasburgh School Thursday and Friday of next week, when the operetta 'The Wizard of Oz' will be presented. There are 35 youngsters in the cast. Other students are helping with sets and ticket sales. Directors are Mrs. Lynne Thompson and Mrs. Susan Broadbridge, assisted musically by Gena Hyatt, pre-school instructor.

A LICENSED INSPECTION STATION

Unemployment Insurance is now more responsive to conditions in Ontario.

To make your Unemployment Insurance Program more responsive to the special needs of different areas of Canada, there are now 48 economic regions for U.I. (Up to now, there were 16 regions.)

With this change, U.I. benefits will more accurately reflect your local employment conditions.

It's all part of a plan announced over a year ago.

Each of these new 48 regions will have its own unemployment rate. This will set the length of time a claimant must have worked to become eligible for Unemployment Insurance benefits. And it will govern the length of benefits as well.

There's nothing new about the system itself—it's just being measured more finely in 48 regions, rather than 16.

The length of time a claimant must work to get U.I. remains the same. It varies from 10 to 14 weeks, depending on the unemployment rate where the claimant lives. And regionally-based benefits have the same maximum.

The change will only affect those whose U.I. claims start after November 12.

This map and the information with it will show you the new economic boundaries in your area.

Clip the map and save it for reference, if you like.

Note: Further changes to the Unemployment Insurance Program have been proposed by the Government. They will come into effect only when they have been enacted by Parliament.

MUNICIPAL ELECTION RESULTS

Mayoralty upset in Napanee No fluoride for Deseronto water

The municipal elections are over for another two years and it didn't seem to make much difference that they were held in November, instead of December.

The election dates were changed because it had been thought that turnouts would be better if the weather was not as bad as it often is in December.

Where there was a strong contest, or a controversial question on the ballot, voters turned out fairly well...where there was little interest, the turnout was small.

DESERONTO

In Deseronto, the turnout was only 14 per cent. That might have been expected in a town where the mayor, reeve, deputy reeve and council members went in by acclamation, but there was a controversial question on the ballot...whether or not to add fluoride to the water.

Although 1,279 people could have voted on this issue, only 185 did, and four of them spoiled their ballots. The final result, 151 against, and 30 for.

There was one other question for 27 voters...who would be their representative on the separate school board. Only four voted...all for Randy LaMorre.

PRINCE EDWARD

In Sophiasburgh Township, only 33.3% of the voters turned out to choose three councillors from five contestants.

The three winners were Paul Aman, 371; L. Dossee, 331; and Max MacDonald, 324. Runners up were present incumbent, Glenn Tripp, 247, and Arnold Davies, 167.

In Picton, nine were contending for 6 seats on council, which went to Joan Brant, 965; Andy Jarvis, 824; G. Ackerman, 749; L. Comrie, 664, and M. Robbins and Bessie Ward tied at 618.

Hallowell Township had a 'real good turnout' the clerk's office reported.

There, the race was for three council seats, with seven contenders. Final results were: G. Reynolds, 835; H. Rolston, 612; B. Hepburn, 603; K. Brown, 494; G. Molyneux, 470; F. Leavitt, 408 and J. Cole, 302.

There were four candidates for two seats on the board of education. Ross Foster, with 900 votes, and Ted Rutter, with 882, took the seats. Runners up were R. Windatt, 674 and F. Darling, 547.

NAPANEE

There was a real upset in Napanee. Lorne Smart, mayor of the town for the past many years, was defeated 875 to 1,064, by Glenn Harrington, a former mayor.

Graham Strong took the spot of Deputy Reeve, and the six councillors for the coming two-year term are: R. Vick, 1168; J. Madden, 1131; H. Hayes, 1118; S. Sinclair, 990; C. Daverne, 962 and C. Milligan, 869.

TYNDINAGA TOWNSHIP

In Tyndinaga Township, four contestants were after three council seats. Final tally was Charles Long, 593; Raymond Hunt, 547; Don Ellis, 484 and Bernice Stratton, 358.

Representative for the Separate School, on the Hastings Board of Education is Randy LaMorre with 194 votes. Contender was Elden Weiss who polled 119.

The very old and the very young joined in the service of Remembrance in Deseronto on Saturday. Albert Reid, who presented the wreath for the veterans of the First World War holds his great-grandson, Trevor Suggashie.

In a small town, November 11th is, indeed a day of remembrance

What does November 11th mean to many Canadians today...a holiday from work or school...a two-minute silence at 11 o'clock...buying a poppy from the seller on the corner...or dropping poppy money into a box on the counter?

Maybe that's all it means in some big centres, but in a town the size of Deseronto, November 11th is, indeed, Remembrance Day. The whole town turns out for the ceremonial parade to the Cenotaph and the laying of the wreaths. Stores close for an hour and the business of the town is hushed.

The weather on Saturday was, as usual, cold and dark, but there was no rain falling on the members of the Canadian Legion Branch 280, the Ladies' Auxiliary, Voyageurs, Scouts, Cubs, Beavers, Sea Cadets and Brownies as they carried their flags in the parade.

Paraded for the first time were the colours of the Ladies' Auxiliary, dedicated in a service prior to the Memorial Service itself.

Heads bowed, all age groups from little children to old veterans of the First World War, listened while Legion Padre Rev. Jack Fletcher prayed. And there were tears in many eyes when the trumpeter played 'The Last Post'.

More than 70 wreaths were placed at the Cenotaph in remembrance. After the ceremony, some of the wreaths were taken to the Cemetery. Some were left at the Cenotaph and the rest were stored at the Legion Hall. Every week, three are taken from the hall and used to replace the weathered ones at the Cenotaph.

Following the laying of the wreaths, there was a March Past before Deseronto Mayor John Neal, Branch President Al Fraser, Chief Donald Brant, of the Tyndinaga Reserve, and Rev. Jack Fletcher.

Mrs. Barbara French laid the Provincial wreath, William S. Wood laid the wreath for veterans of the second

World War and Albert Reid for the veterans of the First World War. Other wreaths were from: Can. Legion Branch

Seniors' initiative results in grant to further their activities

Jesse Silver, Mabel Moore, Marguerite Erskine and Jennie Mitchell co-operate in completing a jigsaw puzzle. The Helping Hands Group at Parkview Apartments in Deseronto has received a grant to help provide more activities.

There were a lot of happy people at the Parkview Senior Citizens Apartments Friday morning when they learned from a press release received by the Scanner that they were getting \$4,399 from the Federal Department of Health and Welfare to expand activities to include table games, exercise activities, social events and an arts and crafts program.

'We knew we were going to get something, but we didn't know how much,' said Mrs. Percy Stone, who is president of the Parkview Apartments

Association.

Back last April, the association set up a separate organization called The Helping Hands, to look into getting a grant under the Federal Government's new Horizon program, which offers contributions to groups of retired people to create projects and undertake activities for the benefit of themselves and others in the communities in which they live.

The Helping Hands set up committees, each one checking into costs of particular equipment to be

included in their grant request.

One major item was a piano which they thought would cost in the neighbourhood of \$1,000.

By mid-May, they put their price in. They were informed that they would have to cut some of the cost.

What they asked for was \$9,000.

What do they intend to do with the \$4,399 they got? The answers come thick and fast from the senior citizens who had gathered in the common room at

Well, reckon election time's gone by again. Seems to me there gets to be more wimmen sticking their noses into the kind of business that used to belong just to men, and rightly should oughter in my opinion. Pretty soon this old world's going to be over-run with female chauvinist sows, then we'll be having men's lib afore you can say Jack Robinson.

Why, by gol, a full half of the council over to Picton is wimmen. Reckon afore

I know it my Elma's going to be a-trying to stick her oar in. Then, all I can say is God help us all—even if'n Elma does try to tell me now and again that the good book's all wrong, and she's certain sure as God is a female.

Mind you, I'm writing this in a nice quiet corner, I aim to get it off afore she gets a chance to come reading over my shoulder. If'n she does she'll nag me into changing it, but I reckon if'n I get it over the Scanner afore she sees it, there ain't much she can do, is there?

Probably be eating cold fer the next few days though.

Anyways, don't seem right to me that wimmen don't know there place no more. Get's me real confused. I keep telling them, all they got to do is go out to the barn yard to figger out which sex is cock of the walk, so's to speak. Don't do no good, specially when the TV programs go undermining all my good work, putting on programs what say that female hyenas is the boss of the pack, and that praying mantises eat their fellers from the head back, while the other end is still doing is job.

That's the trouble with wimmen, don't take no notice of the law of averages at all. Always can cap you with something, if'n they want, like the frying pan, when Elma reads what I done writ next week.

EDITORIAL

Well now, we notice they're having a big froo-froo over in Picton about the introduction of 'exotic dancers' in some local drinking lounges.

'Exotic' is the way they were described in one newspaper headline.

The Oxford dictionary defines exotic as 'introduced from abroad' and maybe that's what all the fuss is about... the dancing girls came from outside the community and took away local jobs.

Did the Manpower Centre try to place some locals... with no discrimination on a sex basis, male or female? I's a pretty safe bet they didn't.

Actually, it's not the 'exotic' part that's been bothering some folks in Picton; it's the fact that the dancers are 'topless'.

and local authorities can do nothing to stop them.

The Oxford dictionary doesn't define the word topless but we gather from news reports, that topless implies the girls are not totally nude... just from the waist up... and this is done, not to show they have no tops, but to emphasize what they have got.

Now, no one is blaming the girls. They've got to make a living and anyone working in a place where liquor is served, is, under Ontario law, not even entitled to the same minimum wage as the lowest of the rest of us. They get less. So if they are working to support children or for some other such mundane reason... they have to make up the rest of their family living needs

from tips.

Not that we think, for one moment, that the topless dancers are getting less than the minimum wage. But that sort of thing gets contagious and the next step could be that ANY woman, in ANY pub in Picton, might be asked to go topless to hold her job. It's happened in other places.

That might be quite interesting to see how some of the people who are ogling now in the topless establishments, would react if a female in their own family, who happened to have to work in a Picton pub because no other job was available, had to start to go around topless on the job.

And we'd be willing to bet that some of those same customers who are patronising the topless spots, would be the first to be outraged if they walked into a restaurant and saw a mother nursing her baby at a nearby table.

Even if town authorities can't do anything to stop the trend to topless entertainment, the women of Picton can.

They can show some concern for their 'sisters' who have to work in bars and can put some influence on their own husbands, sons and fathers to remind them that when God made women she gave them tits for babies, and not for men.

on a Picton dentist's list of patients (now we are, although one questions such luck) and had to add travel cost to the bill. Last year the president of the Ontario Dental Association was one of these Picton dentists. In an area where teenage children have gaps where their second teeth used to be, it was apparently decided that we had enough dentists (we now have one more). I can only conclude that the philosophy is to keep the numbers down and the prices up.

I read the other day that the use of fluoride in Toronto water has reduced cavities in first teeth by almost fifty percent. Hooray! Maybe someday the dentists will be out of business. I can't wait. In the meantime, those of us who don't yet have to gum it, had better open our mouths to do some yelling.

Toothless Old Crab

Letter to the Editor

Dear Editor:

As the folks in Ann Landers say -- just sign me "OLD CRAB" -- but here goes nothin'.

A recent schedule of dental appointments for my son has cost me as follows:

First visit, \$35, which included x-rays, cleaning, cancer check, fluoride treatment and the news that he had three cavities and a tooth to be pulled for space reasons. I suppose I should be grateful for all the 'goodies' but I just can't see past the fact that I paid \$35 and not so much as one cavity filled. When I asked if we could have some fillings done instead of the trimmings, I was told this was not possible.

Next visit, one filling, \$25 for fifteen minutes work. My husband earns \$6 an hour -- twice the current minimum wage -- or \$2.50 for fifteen minutes.

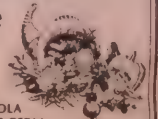

Next visit (I remember dentists from the dark past of five years ago who could fill two or even three teeth in a half-hour visit -- of course they weren't diverted by their Muzak) \$20, one filling.

Next visit, \$15, one filling. When you holler about the cost of the first two, they just show you their rate chart.

I don't know the cost of the extraction yet. Total cost will then be \$95 plus, for a six month check-up or approximately \$200 a year for one child's yearly dental care.

We have only one child -- what of those who have three or four? We have no dental plan because we are self-employed. We live in an area where for four years we have not been able to get

Quinte News Round Up

MORE ENERGY SAVING IN HASTINGS

A few months ago, the Scanner reported on the success of the energy saving program being carried out by the Hastings County Board of Education.

Now Loyalist College has come up with some facts and figures about their energy saving program too.

G.D. Walmsley, a member of the College has reduced its energy consumption by 45% over the past 28-month period.

Just further proof of what a bunch of energy wasters we have been in the past.

NEW CURATOR

The Hastings County museum now has a new curator, Franklin H. Foley, BA, B.Ed.

Mr. Foley took over his new duties on October 8, replacing Martin Lewis who is now in Hamilton.

BELLS FROM BELL

Belleville's city hall is going to get an electric carillon, thanks to 365 Belleville employees of Bell Canada who have raised nearly \$4,000 for the project through raffles, bake sales, auctions and other events.

The rest of the money — \$3,000 — was contributed by the company.

The carillon will be presented tomorrow morning at 10 o'clock, followed by a demonstration recital.

MORE HOUSES FOR NAPANEE

Napanee Town Council has recognized the need for 25 housing units for families whose rents will be set according to their incomes.

Council passed a resolution that existing buildings in Napanee could provide the accommodation without constructing new dwellings.

MP'S EFFORTS GET RESULTS

Early in 1973, the then-newly-elected MP for Hastings, Jack Ellis, identified the need for a storage facility in the area and he spent many months discussing the possibility with local businessmen and others from Toronto, Western Ontario and Western Canada.

Now Mr. Ellis has announced that he has received word of approval of a special loan of \$1.2 million to assist with construction of a feed grain storage elevator, which will be erected by Thrasher Feeds Ltd., at Trenton.

UP GOES THE PAVEMENT AGAIN

It was bound to happen....they are digging up the new pavement on Deseronto's Main Street again!

What is it for this time? Seems the water line to B.Q. Graphic, the IOOF Hall and the Arcade froze last winter so up the pavement comes to insulate the water lines.

A spokesman for the PUC said this was the first time the lines had frozen and that it might have happened because the frost went deeper into the ground which had been excavated to do the construction work on Main Street.

Grant will help seniors keep in shape

Continued from page one
the Parkview Apartments to hear the news about the grant.

They are getting their piano.

They are getting two bicycle exercisers ... So we race each other.

'Card tables and dishes, so we don't have to drag them from everywhere when we have a card party.'

They are going to some remodelling too. They are planning to put a sliding door between the common room and the entrance hall, to replace the permanent glass wall which is there now, so they can open the whole area up for activities.

They had to get permission from the building committee before this could be undertaken.

And they are putting up more shelves in their kitchen and utility room.

They are also setting some money

Local employers using JET program to train young people on the job

Employment and Immigration Canada's JET (Job Experience Training) programs designed to benefit both the unemployed young people recently out of school and area employers. Twenty local employers have taken advantage of the program since its start in late September, Adrian van Asseldonk, manager of the local Canada Manpower Centre in Napanee, reports.

Under the program, unemployed people between the ages of 16 and 24 who have been out of school for three to 36 months, are geared into employment with local companies, giving them training for the future as well as a job with potential for permanency.

Companies that hire these young people for 26 weeks of work, providing suitable job experience, at least the minimum hourly wage and over 30 hours a week, get a subsidy for each JET worker of \$1.50 an hour. For 26 weeks, that adds up to \$1,560.

The program, which operates with an absolute minimum of paperwork, provides a good opportunity for employers to assess potential permanent employees.

JET candidates, who must have been registered for full-time employment for at least two weeks, go through a pre-employment orientation session for coaching on how to conduct themselves at a job interview, positive work attitudes and how to keep a job once they get one.

In Ontario during the first winter of the program last year, nearly 8,000 young people got jobs through the JET program — double the target set.

Napanee and area incorporated companies, partnerships or sole proprietorships interested in participating in the program should call the Napanee Canada Manpower Centre at 354-3367.

DEATHS

DAVID GERALD LOFT

David Gerald Loft, of 1501 Lavergne St., Vanier, Ontario, formerly of RR 1, Deseronto, died as the result of a car accident on Nov. 11, at the age of 44.

The accident occurred on Highway 17, near Ottawa.

He had lived in Vanier for the past two years, having previously resided in Belleville and at RR 1, Deseronto.

He was born in Deseronto, son of Mrs. Annie Loft and the late Manson Loft, and received his education in Toronto and Deseronto. Mr. Loft was a painter.

He is survived by his wife, Pauline Goyer; four children, David, Michael, Wendy and Christopher; five brothers, Jim, Saul, Ste. Marie, Bruce, RR 1, Deseronto; Manson, RR 1, Deseronto; Lorne, RR 1, Deseronto, and Kenneth, Deseronto; three sisters, Mrs. Carl Stapley (Margaret) RR 1, Shannonsville; Mrs. Wilbert Laveque (Anne), RR 2, Shannonsville; Mrs. Carman Stapley (Dorothy), RR 2, Shannonsville.

He was a member of All Saints Anglican Church, where funeral service was held on Nov. 14, at 2:00 p.m., with Rev. Geyer Elson, Rector, officiating.

Interment was in All Saints Cemetery.

MRS. TERESA SNELL

Mrs. Teresa (Tessie) Snell of Read, Ont., died in the Lennox and Addington County General Hospital on Nov. 8, at the age of 83. She had been ill for the past 8 months.

Born in Read, she was the daughter of the late Jeremiah Cronin and the late Mary Callaghan. Her husband, Raymond Snell, predeceased her.

She received her education in Read and Deseronto and spent many years in Birmingham, U.S.A. before returning to Read two years ago.

She is survived by three brothers, Tim Cronin of RR 1, Marysville; Jerome Cronin, Ottawa, and Michael Cronin, Napanee; one sister, Mrs. Irene Roberts, Belleville; and a number of nieces and nephews.

She was a member of St. Charles Borromeo Church, Read, from which her funeral was held on Nov. 10, at 10:30 a.m., Father Patrick R. Kelly, P.P., officiating. Interment was in St. Charles Borromeo Church Cemetery.

Pall-bearers were Mick Whalen, Clare Brennan, Bernard Freeman and Ray Hunt.

IN LOVING MEMORY

In loving memory of a dear father, Arther Bellati who passed away on November 23, 1974.

God took him home to Heaven,
And gave him eternal rest.
His garden must be beautiful
As He chooses only the best.

Ever remembered by daughter Marilyn.

NOTICE

CORPORATION

OF THE
TOWN OF DESERONTO

TREASURER'S SALE OF LANDS IN
THE TOWN OF DESERONTO,
COUNTY OF HASTINGS,
PROVINCE OF ONTARIO TO WIT:

By virtue of a warrant issued by the Mayor of the Town of Deseronto, bearing the date of 10th day of July, 1978, sale of lands in arrears of taxes in the Town of Deseronto will be held in the Deseronto Municipal Office, 331 Main Street, Deseronto at the hour of 2:00 o'clock in the afternoon on Wednesday December 13, 1978 unless the taxes are sooner paid. Notice is hereby given that the list of lands for sale for arrears of taxes has been published in the Ontario Gazette on the 2nd day of September 1978 and that copies of the said list may be had at my offices.

Notice is hereby further given that if any of the said lands remain unsold, an adjourned sale will be held on Wednesday, the 17th day of January, 1979, at the same time and place at which the Municipality may reserve the right to purchase any of the said lands.

Dated at Deseronto this 24th day of July, 1978.

BAHA'I FAITH

QUESTION:

Did Abdu'l-Baha leave a successor?
(Part 2)

ANSWER:

Baha'u'llah, in His Writings, commanded the Baha'is to create a further institution which will be known as the Universal Home of Justice and which would be elected by the National Spiritual Assemblies throughout the world. Baha'u'llah promised that this body would have divine guidance and to it he gave the right to enact any necessary laws which were not revealed in His own Writings. It will not alter the laws of Baha'u'llah, but will make and change any laws which are not found in Baha'u'llah's explicit texts and which are needed for the welfare of mankind.

The Universal House of Justice was elected and formed in 1963.

New immunisation action programme

November is Immunization Action Month in Canada. Provincial and Federal health ministries are cooperating in a concerted attack on vaccine-preventable diseases that are a threat to an estimated 20% of children in Canada.

'There is no question about the value of immunization programs,' says Dr. Fisher of the Hastings-Prince Edward Health Unit. But in the two counties, immunization programs are an ongoing job... not a one-month promotion deal.

'Right now, we are into a fairly big program of immunization in the schools,' Dr. Fisher said. 'Students in both counties are getting measles, mumps and rubella immunization.'

'We attempt to keep tabs on what immunization the youngsters have had. We sent a circular around to parents telling them what we are offering and whether their child needs the shots. The parents sign a consent form.'

Do many parents refuse to allow the immunization consent forms? 'We still have the odd ones who don't sign,' he said.

The health unit also carries on regular immunization clinics, in addition to work in the schools.

'The polio and tetanus vaccine has been curtailed for adults,' he said. 'But we hope to have it again during the first part of 1979.'

CORNUCOPIA

By Ann McGill

An idea for a children's book has blossomed into an astonishing success story. Since the appearance of the first edition five years ago, sales of the Canadian Children's Annual have grown at an amazing rate. The publishers, Porluch Publications, have published 50,000 copies and expect to be sold out by Christmas.

The appearance of that first annual was one of the best things that ever happened to Canadian children's literature. It reopened a market for Canadian writers which had completely shut down. Since then there has been a proliferation of new magazines for Canadian youth; the popularity of the Annual had proven that there was a large audience of young Canadian readers.

Most of us remember from our childhood the Boys' Own Annual and Chatterbox — now we have our own Annual, full of entertaining reading and activities.

St. Lawrence College, in co-operation with the Frontenac County Library, will be offering a reading tutorial service for adults at the Harrington and Mountain Grove public libraries this month. 'Ours is the first tutorial reading programme that I know of in Ontario that is being offered in a rural area,' said Sue Beahen, St. Lawrence College community counsellor for Frontenac County. But we do know there is a real need for a service of this type.

Approximately one in five Canadians over the age of 16 cannot read or write

adequately enough to function effectively in our society. The percentage of people who cannot read and write adequately rises dramatically among rural populations,' Ms. Beahen said. 'In Frontenac County the percentage may be as high as 45%.' Ms. Beahen cautioned people who suspect they may fall into this group that they should not feel ashamed of not being able to read and write well.

There are people who have no O.H.I.P. coverage because they cannot fill out the required forms and there are others who are skilled in technical areas but can't get their papers because they cannot read and write well enough to pass the tests.

The programme depends on the services of volunteers who work on a one-to-one basis with the students. Tutorial sessions can be offered at the student's home, at the tutor's home or at the library.

There are only a few counties in Ontario who do not provide County Library service and bookmobiles for the taxpayers — among these are Prince Edward and Hastings. The cost? A minimum of \$150 per capita, about one-fifth the cost of a book, a case of beer, a bottle of whiskey; less than one visit to a movie for a child. Perhaps we could put up with a few potholes to gain such an essential service.

Library Notes

The show by the Arete Mime Troup at the Deseronto Lions Hall, Sat., Nov. 18, at 7:30 p.m., promises to interest all members of its audience, young or old. This is live theatre at its best. Come and enjoy yourselves. Admission is free.

If you've ever wondered what books to buy to answer questions that crop up, the library has a pamphlet in the lobby which lists titles for a basic home reference collection. Some of the books on this list can also be found in the library.

For those interested in the broad range of Canadian art, the library offers 'Three Hundred Years of Canadian Art' and 'A Heritage of Canadian Art,' both full colour volumes which delight the eye.

There is science fiction even for the little ones. They will enjoy the new addition to the series of 'Babar' books: 'Babar Visits Another Planet.'

Louise McGilly (right) caseworker, explains the procedure in changing a cassette on his talking book machine to Jim Fraser of Belleville. Photo by Don Lindsay, President of the Prince Edward-Hastings CNIB Advisory Board.

Contribution plan will help fund talking books for the blind

Canadian Tire Stores in Belleville and Trenton as well as Hastings and Prince Edward Counties have agreed to participate in a unique contribution plan designed to fund talking book service for 72 blind readers next year. From November 16 to December 16, participating stores will display contribution boxes into which customers are invited to donate their Canadian Tire money which the stores give with each purchase. Stores have agreed to redeem these coupons for cash which CNIB will use to continue

and improve its talking book service.

Back in the thirties, sound recording was a major breakthrough, for it liberated blind persons from the arduous task of feeling tiny elusive dots which make up the Braille system. In those days they used the first 'long-play' records, and it was necessary to use a new needle for each side. Records were frequently scratched or broken; their shipping cases were too cumbersome to go into the average parcel receptacle, and it was a major chore to lug them to

the post office - talking book users are grateful there has never been a charge for mailing these books.

Some of these difficulties were eliminated in the early sixties when CNIB introduced the first magnetic tape system. This was a marked improvement, but the massive, wooden, tube operated machines were heavy, and the 18-track cassettes were cumbersome and not too reliable. The next development, in the sixties, was a transistorized machine weighing about 10 pounds, using a six-track, seven-ounce cassette.

CNIB is now introducing a small, light-weight machine which will play any standard cassette; rechargeable batteries make it completely portable.

From the town pride

BY DON LINDSAY

Wednesday, November 8th was regular meeting night. The pride assembled at the Lions hall at the usual hour, but ranks were depleted somewhat by the absence of all the deer-hunting members.

During the enjoyment of the chicken dinner (Mrs. Kemp's effort was up to its usual excellent standard) Lion Ernie Luck felt called upon to make a presentation to one of the members whose keen hearing, outstanding comprehension of the English language and photographic memory is the envy of all his brother Lions. This touching tribute to a great talent was timely and justified.

Committee reports were highlighted by those from the Chairmen of the Building and Boat Racing Committees, Lion's Ernie Luck and Mac MacLean respectively. Each presented a very comprehensive final report on the status of their particular area of responsibility and the statements were received with approval and satisfaction in the knowledge that both these major projects were a success.

It was decided during the new business portion of the meeting that the club would again enter a float in the Napanee and Picton Santa Claus parades.

That's it for the Lions this time.

NOW A NEW INSURANCE COMPANY OFFERING HEALTHY SAVINGS FOR NON-SMOKERS

Are you glad you don't smoke? Aside from the health benefits, statistics indicate you have less chance of having a house fire.

Now there is an insurance company which recognizes these favourable odds. Maplex General Insurance offers much lower than-average rates on homeowner and tenant package policies. Cars can also be covered at worthwhile savings.

To qualify, you and the permanent residents of your household must not have smoked in the last year.

Ask the agent listed here for more information. And get the healthy habit for saving money.

Deseronto Minor Hockey News

LEGION PEE-WEE'S TAKE BOTH GAMES DURING THE WEEK

Our Legion Pee-Wee's hosted Belleville Wednesday and Saturday and won both games. On Wednesday they trounced Belleville 9-2. Deseronto scored 6 goals in the first period. Billy McMechan got the first goal then Kyle Brant the next with Bobby Thompson and Kevin Hill assisting. Bobby Thompson got an unassisted goal a minute later. The next goal was given to Kyle Brant. The assists went to the shifty-stick handlers Bobby Thompson and Danny Marlow. Ted McGuinness got his first goal of the season with Todd John and Billy McMechan assisting. Todd John got the last goal of the first period, Billy McMechan assisting. Belleville got their first goal early in the second period, but Deseronto replied with two quick goals. Kyle Brant and Bobby Thompson got the goals with Kevin Hill and Robin Maracle assisting respectively. Belleville then got their last goal in the third, but Kevin Hill got a goal with Kyle Brant and Todd John assisting.

Deseronto played Belleville again but this time it was a much closer hockey game. Belleville got a goal early in the first to lead Deseronto into a 1-0 lead going into the second period. Dwayne Maracle got a goal late in the second with a solo effort. In the third Deseronto proved themselves once again getting three goals. Kevin Hill got the first of those three goals, Bobby Thompson and Dwayne Maracle assisting. Bobby Thompson got the next goal with Drew Vick and Kyle Brant assisting. Dwayne Maracle then got another goal with Kyle Brant assisting again. Belleville concluded the game with two quick goals but it wasn't enough to beat us and our boys won the game 4-3. Our next game is Saturday Nov. 18 at home against Napanee at 4 o'clock.

Winners of the 50-50 draw held each Monday to Friday at the Industrial Hockey games are: Oct. 27, Bill Barberstock, \$11.00; Oct. 30, Gary Jackson, \$42.50; Nov. 6, De'l Wannamaker Jr., \$56.00; Nov. 10, Kris

Godfrey, \$61.15; Nov. 13, Garry Jackson, \$118.

Money for these draws helps to support the Legion PeeWees for ice time and travel to out of town games.

On Saturday, November 11, the Deseronto Atoms played Wellington in what proved to be a very exciting game. In the first period Deseronto scored first at 12:53. Bobby Thompson from Mike Van Vlack and Kevin Mooney, then Wellington tied the game two minutes later, at 7:33. Bobby Thompson scored his 2nd goal with assists from Ricky Marlow and Michael Maracle, one minute later at 6:13 Bobby Thompson scored his 3rd and hat trick assisted by Dan McConnell and Michael Maracle. Wellington came back and made the score 3 to 2 for Deseronto, but with 2:58 left, Bobby Thompson scored his 4th in a row from Kevin Mooney to end the first period Deseronto 4, Wellington 2.

Wellington took over the 2nd period and played very good hockey to score 2 goals to end the second period Deseronto 4, Wellington 4.

The 3rd period was all Deseronto, with Atoms scoring 4 more goals, at 12:33 Kevin Mooney from Bobby Thompson, at 1:11 from Kevin Hill, Scott Davis, Kevin Hill got his second goal at 9:11 assisted by Mike Van Vlack and Bobby Thompson. The final goal and his third and hat trick, Kevin Hill scored from Bobby Thompson and Kevin Mooney. To Bobby Thompson and Kevin Hill, keep up the good work and good luck in future games.

Van Vlack Atoms

Over this past week the Atoms played 3 games and won all 3.

On Tuesday, November 7 they played host to Belleville and won 8 to 3. In the first period with Belleville leading 1 to 0, Mike Van Vlack scored at 12:13 from Kevin Hill. The Belleville team took the lead again at 9:27 but Deseronto came back at 2:32 Kevin Mooney from Ricky Marlow, and 20 second later at 2:12 Kevin Hill scored from Mike Van Vlack. The second period was all Deseronto with Bobby Thompson scoring at 12:22 from Kevin Mooney and Dan McConnell, and to round out the 2nd period, Kevin Hill from Mike Van Vlack at 1:51.

The first two periods were by far their best, but only the great goal-tending from Donnie McGuinness and Greg Barberstock kept the score down. In the 3rd period, the local boys turned it on in a little over 4 minutes the boys scored 3 goals, the first at 11:11, Bobby Thompson from Kevin Mooney, at 9:11 Mike Van Vlack his second from Kevin Hill, and at 8:55 Kevin Hill his second from Chris Cassidy. Belleville scored the last goal, final score Deseronto 8, Belleville 3.

On Sunday, November 12 the Atoms travelled to Ernestown and scored a 4 to 2 win.

The first period was a tie with many chances by both teams but the great goaltending of Donnie McGuinness held the Ernestown team to one goal with Bobby Thompson scoring from Michael Maracle.

The second period Ernestown held the Deseronto Atoms off the scoreboard and scored one goal themselves. Second period, Ernestown 2, Deseronto 1.

The Deseronto Atoms came to life in the final period and played the way they were taught. At 6:52 Michael Maracle scored unassisted, then came Bobby Thompson with 2 and his second hat trick in 2 days, his first goal 6:10 assisted by Ricky Marlow, and at 5:03 assisted by Ricky Marlow and Kevin Mooney.

Don't forget that on Saturday November 18 at 7:30 p.m. the C.K.W.S. No Stars will be playing the Deseronto Old-Timers in a benefit hockey game with proceeds going to the Atoms. Also a dance will follow at 9:00. Tickets are \$5.00 a couple and can be purchased from Mrs. Tom McAlister at the Deseronto Coin Wash or Jim Dobbin and Dennis Layfield. Only 25 tickets to be sold.

Just another beauty spot in Prince Edward county, caught at its best by the camera.

WHO NEEDS IT?

New kind of wasp well suited to survive suburban winters

As if mosquitoes, blackflies and poison ivy aren't enough, Mother Nature has dispatched another summer pest to torment residents of some parts of Canada.

This one comes in the form of a new type of yellow jacket -- a catch-all phrase for several species of wasp -- that first hitched a ride from Europe to the United States and now has spread into Ontario for the first time.

This species is much more aggressive than its native cousins, stinging more readily and frequenting places where people gather for summer fun -- outdoor barbecues, picnics, fairs and around fast-food operations.

The biggest threat posed by the immigrant is to beekeepers. The wasp will attempt to invade beehives in search of honey.

Rolf Boch, an entomologist with Agriculture Canada's Ottawa Research Station, first began receiving inquiries about large populations of wasps during this summer's Central Canada Exhibition in Ottawa. More than 100 visitors were treated for stings during the first six days of the exhibition -- more than double the usual number.

'My first reaction to complaints about wasp populations was that they had multiplied this summer because of the warm, dry weather,' Dr. Boch says.

After the fair was over, the entomologist began surveying wasp populations and collecting specimens around Ottawa.

During microscopic examination, he

tentatively identified the species *Vespula germanica*, a wasp not known to have spread north from the United States. His tentative identification -- based on a slight difference in markings compared to native wasps -- was confirmed by entomologists at Cornell University, N.Y.

'We can be sure that the wasp is going to cause problems around Ottawa next summer,' Dr. Boch says. 'It is ideally suited to the suburban environment. And it's well equipped to survive our winters. While our native wasps usually nest in the ground or in exposed nests hanging from eaves or tree limbs, this wasp likes to get inside attics and protected places.'

Other areas into which *Vespula germanica* may have spread aren't yet known.

'We know it's in Ottawa, and I suspect that it can be found all through southern Ontario and some parts of Quebec,' he says.

Now that Dr. Boch has identified the new species, other entomologists across the country will be watching for it, especially those located in honey-producing areas.

Dr. Boch found a pile of a few hundred dead wasps at the entrances of beehives at Agriculture Canada's Central Experimental Farm in Ottawa. They had tried to get into the hives to reach the honey, but bees had repelled them and stung them to death.

'But it's most disrupting for the beekeeper and reduces honey production,' Dr. Boch said.

The entomologist says there is little that can be done to control these wasps now that they have moved in. Unlike native species, their nests are hard to find and destroy.

'About the best way we can stop them from being a nuisance around food is to keep refuse containers closed,' Dr. Boch says. 'Fast-food operations should maybe redesign some of their containers so food scraps are covered. If you can smell the food from three blocks away, so can the wasps.'

Unemployment Insurance is now more responsive to conditions in Ontario.

To make your Unemployment Insurance Program more responsive to the special needs of different areas of Canada, there are now 48 economic regions for U.I. (Up to now, there were 16 regions.)

With this change, U.I. benefits will more accurately reflect your local employment conditions.

It's all part of a plan announced over a year ago.

Each of these new 48 regions will have its own unemployment rate. This will set the length of time a claimant must have worked to become eligible for Unemployment Insurance benefits. And it will govern the length of benefits as well.

There's nothing new about the system itself -- it's just being measured more finely in 48 regions, rather than 16.

The length of time a claimant must work to get U.I. remains the same. It varies from 10 to 14 weeks, depending on the unemployment rate where the claimant lives. And regionally-based benefits have the same maximum.

The change will only affect those whose U.I. claims start after November 12.

This map and the information with it will show you the new economic boundaries in your area.

Clip the map and save it for reference, if you like.

Note: Further changes to the Unemployment Insurance Program have been proposed by the Government. They will come into effect only when they have been enacted by Parliament.

REGION A

Eastern Ontario, consisting of the counties of Frontenac, Leeds, Renfrew, Lanark, Grenville, Dundas, Stormont, Glengarry, Prescott and Russell, and the Regional Municipality of Ottawa-Carleton.

REGION B

Belleville-Peterborough, consisting of the counties of Haliburton, Victoria, Hastings, Lennox and Addington, Prince Edward, Northumberland, and Peterborough, and in the Regional Municipality of Durham that portion of 1971 Census Division 7 comprising Subdivisions 1, 3 and 4.

A map and description of economic regions, if a question arises, the Unemployment Insurance Regulations.

The Arete Mime Troupe will be giving a performance at the Deseronto Lions Hall Saturday evening at 7:30. Admission is free. This group, formed in 1976 by three graduates of the Canadian Mime School in Ontario, has attracted much interest and praise. The group averages 1,000 miles a week, sometime doing three performances a day, at public shows and school performances. Last winter, they were invited to perform in Christmas shows for Canadian Armed Forces bases in Ottawa, Germany, Holland, in Christmas shows for Canadian Armed Forces bases in Ottawa, Germany, Holland Egypt, Israel and Cyprus.

HAPPENINGS

On the last week-end in October, the seventh Iroquois Baha'i Council was held on the Tyendinaga Reserve. Representatives came from Six Nations Reserve, e. Goderich, Ottawa, Merrickville, Sudbury, Brighton, Belleville, Pickering, Caledonia, Cambridge, Ancaster, Tyendinaga and Caughnawaga Reserve, near Montreal. All the delegates stressed the need for fellowship, love and unity among the believers in order to attract the non-Baha'is. Reports were given on the teaching efforts in the various regions of Ontario and Quebec. One of the highlights of the Council was a talk given by Miss Emily General of the Six Nations Reserve in which she explained the Confederacy of Degasdewega and how his teachings coincide with the message of Baha'u'llah, founder of the

Baha'i Faith. Mrs. Melba Loft gave a short account of her recent trip to Washington State where she attended a North American Baha'i Native Council on the Yakima Reserve.

Witch way to to the water???

Did you ever watch anyone witch water? Did you ever try it yourself?

Percy Stone of Edmon Street, Deseronto, found out he could witch water and he has been doing it for the past 25 years.

'I watched someone doing it and thought I'd try,' he said. 'I had to concentrate and keep at it but I found out I could do it.'

He thinks maybe one in every 10 people could witch water and, while he was in the Scanner office last week, demonstrating with a coat hanger equipped with two steel balls, everyone in the office took a try at it, with no success. The coat hanger wouldn't dip until Mr. Stone added his hand to the hands already holding it.

Mr. Stone took a metal coat hanger off the coat rack, straightened it out, got two pieces of steel from the press room, held them out in front of him and the hanger dipped down over the carper to

Continued on page 8

Percy Stone holds a witching wand — a straightened coat hanger with two pieces of steel on one end

What's a church doing in the creek?

Last Thursday, the Standard Church in Bloomfield was sitting in the creek, waiting for a second crane to arrive and help lift it out.

How and why did it get there?

It was built about 55 years ago and had stood for all that time on Mill Street, but it was close to the creek and there were water problems in the basement.

It had also been outgrown and more space was needed by the congregation.

So it was decided to construct a new site, over on the other side of the creek, to accommodate a larger church.

The old church would form part of the new one and an enlargement would be added to double its size, with room up top for a balcony.

'Moving the old church is costing about \$4,000,' the pastor, Rev. Larry Hart, said. 'But that was cheaper than to rebuild a whole new church.'

So it was lifted, put on steel beams and the moving started. The church, with the steel beams, weighs about 20 tons.

When the church got stuck in the creek, it caused some delay until another crane arrived. One crane was needed to lift the front end and the other for the back end.

It was cold work last Thursday, getting down into the waters of the creek to attach cables to Bloomfield's Standard Church which had slipped while being moved to a new site.

Cherry Valley stone ground flour in Bloomfield bread

In the Cornucopia column a few weeks ago, there was information about the revolution taking place in the bread line. General Bakeries was persuaded that there are a lot of people who want to eat bread that tastes like food and has the nutritional values of the wheat from which it came.

General Bakeries has now come out with a new kind of bread... 'Daily Bread'.

Shucks, right here in the Quinte area people can already buy bread without a whole lot of junk in it, and it does taste good.

Larry Green, of Cherry Valley, is stone grinding wheat and rye and selling it to local consumer for bread-making.

Some months ago, he built a new mill at Cherry Valley, using some parts from an old mill in Quebec.

By stone grinding, he is producing 100% whole wheat flour from both hard and soft wheat, and also rye flour. In future he hopes to use other grains too and is now experimenting with buckwheat.

He grinds up the bran and wheat germs and doesn't use any additives himself. 'But the wheat may have been

sprayed or fertilized on the prairies,' he said.

'Most of the grain I use is from the prairies. I'd like to support local people but there's not much hard wheat grown here. Soft wheat gives them a better yield,' he said.

'I intended to farm and produce my own. But by the time I mill it and sell it, I

haven't much time for farming.'

He has already approached some two dozen businesses with his product and intends to set up delivery routes. Customers who want to pick up some for themselves can go to the mill any time on Saturdays.

One of his customers is L. Zandbergen. Continued on page 7

Out of the oven comes a fresh, brown loaf made with Prince Edward County stone-milled flour. Baker L. Zandbergen of Bloomfield's Brick Oven Bakery, uses no additives

Sophiasburgh gets garbage pick-up

Starting December 7, every Thursday morning green garbage bags and garbage pails will sprout all along the township roads in Sophiasburgh.

The township has contracted with Sutcliffe Enterprises of Napanee to have house-to-house garbage collection once a week.

A few people in Northport and Demorestville will still have to cart their garbage a short distance to a pick up point.

'The garbage collectors will go around the block in those two communities,' Gordon Way, township clerk said. 'Anyone not on the main block will have to take their garbage to the pick up route.'

There are a few conditions to follow if you want your garbage picked up.

It has to be out by 7 a.m., in tied bags, or cans. It must not weigh more than 75 pounds and you can't put more than five bags or pails a week.

'We're still maintaining a big container at the Demorestville depot for large amounts of trash,' Mr. Way said.

Cards will be sent out to all householders before the garbage pickup begins, providing the necessary information.

the Quinte Scanner

The Quinte Scanner is an independent weekly newsmagazine founded in 1970, incorporating the Deseronto-Skysay Scanner (est. 1967). It is published every Wednesday by B. Q. Graphics Ltd., and circulated in the Bay of Quinte area. Subscriptions are \$4.00 per year, \$5.00 outside Canada.

Unsolicited manuscripts and other editorial material are welcome and will be considered for publication but will not be returned unless accompanied by a self-addressed, stamped envelope. Contents of the Quinte Scanner is copyright by B. Q. Graphics Ltd. and may not be reproduced without the prior consent of the editor. Offices for the Quinte Scanner and B. Q. Graphics are located at 370 Main Street in Deseronto, Ontario (613 396-1431). Our postal address is P.O. Box 410, Deseronto, Ontario K0K 1X0.

DAVID TAYLOR - President, B.Q. Graphics
 BESS WARES - Editor, Quinte Scanner
 DAVID MERCER - Contributing Photographer

EDITORIAL

The editor of the Scanner has been criticized, from time to time, for continuing to bring to the attention of our readers the absurdity of going ahead with nuclear power stations when no one knows what we are going to do with the nuclear waste.

The Ontario Ministry of Energy and the Federal Government have agreed on a timetable with a date of the year 2000, for being in full-scale operation 'safely' disposing of nuclear waste. As we pointed out in a previous editorial, there are no guarantees that they will have found a 'safe' way to dispose of the garbage by that...or any other...date.

The following information, sent to us by the Canada/Ontario Radioactive Fuel Waste Management Program brings up another horrifying possibility...the effect of earthquakes or meteor impacts on the 'safe' disposal sites.

Generating electricity with nuclear energy creates radioactive materials which are mainly in the used fuel, the news release from the Canada/Ontario Radioactive Fuel Waste Management Program explains. These materials must be managed safely since some remain radioactive and potentially harmful for thousands of years.

To allow increased use of nuclear energy in Canada, a long-term solution for waste management must be demonstrated. Presently Atomic Energy of Canada Limited is engaged in an intensive program to investigate the possibility of disposing of radioactive waste in a vault constructed deep in a rock formation of the Canadian Shield.

Although the vault will be designed to minimize release of radioactive materials, the possible effects of events such as earthquakes, ice ages and meteor impact must be projected. An important part of this projection work is the study of the transfer of radionuclides in terrestrial food chains. This is particularly true for pathways leading to man.

Unfortunately, Editor's notes to our dear readers, that was the word used in the press release, such studies are difficult to undertake because we cannot create large experimental contaminations. We must, therefore, take advantage of existing situations.

The detonation of nuclear test devices over the past four decades has resulted in radioactive fallout on a global scale. Although fallout has greatly decreased, materials from previous years still persist on or near the earth's surface where they can enter the terrestrial food chains.

Moose hunters in Manitoba are being asked to take part in Canada's program for the final disposal of radioactive waste from nuclear-electric stations.

Environmental researchers at the Whiteshell Nuclear Research Establishment, 75 miles northeast of Winnipeg, are asking the hunters to co-operate by submitting samples from freshly-killed moose to help in determining how radioactive materials can be transmitted through the natural food chain leading to man.

Moose and deer will be sampled to find out how much radioactive materials from nuclear weapons fallout have concentrated in their flesh and bones. The samples, consisting of a kilogram of meat, some esophagus and rumen contents and some of the leg and jaw bones will be collected at two hunter check stations. Vegetation and soil samples to measure the fallout will also be taken.

Cable TV's first

Mr. and Mrs. Matt Cassidy of Dundas Street East, were the first in Deseronto to get their television hooked up to Napanee-Deseronto Cablevision, last Friday.

Reg Dawson, Deseronto, president of the cable company, said there is a long list of people interested in getting the service.

This is the first area outside of Napanee to be serviced. They've been working on the cable line for some months now. People along the route, on Highway 2, will also be able to hook up.

Local shows are broadcast on Channel 9 on Thursday nights.

Well, Elma didn't hit me with the frying pan after all. Can't figure out why. Maybe she's treating me with the contempt she reckons I deserve, or something, she does that now and again just to fool me. One of these days when I ain't expecting no trouble, down'll come the wrath of God. I know my Elma.

We was off at a party down to the neighbours Saturday night. A real good shindig it turned out to be. Well, there was some folks there as we hadn't never met before, so I was trying to tell 'em where we lived. Turns out they call our place Noah's Ark, on account of all the livestock around and about. So, sure enough, all evening I gets to be called Noah. Then we took to trying to figure out what all Noah's missus was called. Nobody could remember, so's when we got home we looked it up. Ain't no

wonder that we couldn't figure it out, she weren't named at all, just called Noah's wife. Just went to show Elma that even in the good old days men was male chauvinist pigs.

Do you know the Bible says Noah lived to be 950 years old, nigh on as old as old Methusalem. Now, since it's writ in the good book, I reckon we've got to believe it. But if it's right, and things was the same way then as they is now, that means that the wimmen must of lived to be danged close to a thousand years old. My blood fair runs cold at the thought of all the trouble they could cause in that length of time. As it is, I reckon by the time they're past forty they've learned enough tricks to be pure hell on wheels for any man that tries to cross 'em - think what another 960 years of practice could do boys, and be glad you ain't living in no good old days.

Quinte News Round Up

RAIL UNDERPASS GRANT

Napanee is to get a \$2.7 million federal grant towards the cost of the \$4.1 million estimated for construction of a railway underpass on Centre Street.

Canadian National Railways are giving over \$60,000 and the Provincial Ministry of Transportation and Communication will give a 90% subsidy for the remaining amount. The town's share will be about \$136,000.

OMB APPROVAL

The Ontario Municipal Board has approved North Fredericksburgh's application to participate in the Greater Napanee Water Supply and Pollution Control Board's \$5 million five-year program.

The program will extend water and sewer services to the unserved areas of Napanee and the developed areas of North Fredericksburgh and Richmond Townships.

SIGNS OF THE TIMES

An 88-year-old Picton man was hospitalized after being attacked by three youths on Main Street. Story is, they knocked him down, kicked him and may have broken his arm.

In Belleville, a little girl was taken to hospital with head injuries. She was in a car with her mother on 401 when someone shot at the car from an overhead bridge. A bullet came through the windshield.

Not a very civilized society we have, is it? Picking on children and senior citizens!

JOINT GROUP???

Writing headings for newspaper articles is not easy. You have to make the heading eye-catching but, to be fair to readers, it should also provide a true digest of what the article is all about...and it has to fit into a certain space.

With all these limitations, it's easy to come up with some odd headings and this one, from a local paper, is open to several interpretations... 'Men, Women Teachers Form Local Joint Group'...are they getting together to smoke it up?

Turns out it was perfectly innocent. The teachers joined together to form a new association.

Putting the wrong heading over the wrong picture or story can also cause problems.

Some years ago, the Kingston Whig-Standard had a dandy. A politician's wife died and an old building was torn down. You guessed it, the caption under the picture of the politician's deceased wife was... 'Old eye sore removed.'

4-H AWARDS

Donald Pierson of Wellington was named the most outstanding 4-H Club member in Prince Edward County, at the Awards Night held last week at the CML Snider Public School in Wellington.

NOTICE

Application for Amendment to the Official Plan for the Hastings County Planning Area is being considered by the Hastings County Planning Board.

The application proposes:

To amend the Policy Section of the Official Plan as contained in Section 3.6 'HAMLET' and particularly Subsection (e) 'LOT AREA AND FRONTAGE'. The purpose of the Amendment is to modify the requirements for Hamlet Development. The Subsection now reads:

'3.6.e LOT AREA AND FRONTAGE
The minimum lot area for a detached single-family dwelling shall not be less than 1 acre and 150 foot frontage on a private well and septic tank. The minimum floor area for living space within a dwelling unit shall be 900 square feet.'

To this, the Amendment proposes to add:

'The minimum lot area and frontage may be less than 1 acre and 150 foot frontage provided communal water or sewage service approved by the Ministry of the Environment is available and provided the lot is not less than 16,000 square feet in area.'

The Planning Board has appointed the hour of 10:00 a.m. on Tuesday, November 28, 1978 in Room 301, County Administration Building, Pinnacle Street, Belleville, Ontario to allow representations to be made concerning the disposition of the proposed Amendment.

For further information, contact Mr. C.E. Bateman, A.M.C.T., Secretary-Treasurer of the County Planning Board at the County Administration Building.

NOTICE

CORPORATION

OF THE TOWN OF DESERONTO

TREASURER'S SALE OF LANDS IN THE TOWN OF DESERONTO, COUNTY OF HASTINGS, PROVINCE OF ONTARIO TO WIT:

By virtue of a warrant issued by the Mayor of the Town of Deseronto, bearing the date of 10th day of July, 1978, sale of lands in arrears of taxes in the Town of Deseronto will be held in the Deseronto Municipal Office, 331 Main Street, Deseronto at the hour of 2:00 o'clock in the afternoon on Wednesday December 13, 1978 unless the taxes are sooner paid. Notice is hereby given that the list of lands for sale for arrears of taxes on the 2nd day of September 1978 and that copies of the said list may be had at my offices.

Notice is hereby further given that if any of the said lands remain unsold, an adjourned sale will be held on Wednesday, the 17th day of January, 1979, at the same time and place at which the Municipality may reserve the right to purchase any of the said lands.

Dated at Deseronto this 24th day of July, 1978.

Carmen J. Milligan
Clerk-Treasurer
Town of Deseronto

NOTICE

Application for Amendment to the Official Plan for the Hastings County Planning Area is being considered by the Hastings County Planning Board.

The application proposes:

To amend the Policy Section of the Official Plan as contained in Section 3.8 'INDUSTRIAL'. The purpose of the amendment is to introduce a new Land Use designation - Subsection 3.8.c 'GENERAL INDUSTRIAL' - as follows:

3.8 GENERAL INDUSTRIAL

3.8 INDUSTRIAL

The industrial classification of land shall mean that the predominant use of the land in the areas so designated shall be for waste disposal, extractive and general industrial uses. The general principles to be considered in the development and control of such land are as follows:

3.8.c GENERAL INDUSTRIAL

(i) Uses Permitted

The uses permitted shall be limited to those industrial uses which include construction yards, lumber yards, warehousing, truck or transportation terminals, motor vehicle repair garages, open storage of good or materials, bulk storage, workshops, service shops, processing, manufacturing, assembly, concealed storage and commercial uses which are either accessory to or directly serve the permitted industrial uses. The permitted commercial uses shall not be detrimental to the area in terms of healthy industrial development. The commercial uses, when not directly incidental to the industrial use, shall be included in separate zoning categories in the implementing Restricted Area Bylaw.

(ii) Parking and Loading Facilities

Adequate off-street parking and loading facilities shall be provided for all permitted uses.

(iii) Buffer Planting or Screening

Adequate buffer planting or screening shall be provided between the General Industrial areas and adjacent residential areas. Such buffer planting shall include the provision of grass strips, berms, screening and appropriate planting of trees and shrubs.

(iv) Zoning

The General Industrial uses shall be zoned in separate classifications in the implementing Restricted Area Bylaw.

(v) Emissions

Approval of the Ministry of the Environment will be required for any emissions of contaminants into the air, land or water.

(vi) Location

New General Industrial uses will be located away from existing or proposed residential areas and from areas where land use conflicts may occur.

The Planning Board has appointed the hour of 10:00 A.M. on Tuesday, November 28th, 1978 in Room 301, County Administration Building, Pinnacle Street, Belleville, Ontario to allow representations to be made concerning the disposition of the proposed Amendment.

For further information, contact Mr. C.E. Bateman, A.M.C.T., Secretary-Treasurer of the County Planning Board at the County Administration Building.

BAHA'I FAITH

QUESTION:

Where is the World Centre of the Faith?

ANSWER:

In the Holy Land, at Haifa, Israel, on the side of Mount Carmel, which Isaiah called 'Mountain of God'. It is near the cave of Elijah, where Jesus and the Prophets of old walked. The Holy Land is both the spiritual and administrative centre of the Baha'i Faith.

Discussions every Friday at 8:00 p.m.

IN MEMORIAM

In loving memory of a dear father and grandfather, Arthur Pellatt who passed away Nov. 23, 1974.

What would we give if we could say,

'Hello Dad' in the same old way.

To hear your voice and see your smile,

To sit with you and chat awhile.

Your place on earth none can fill,

So you who have a father,

Cherish him with care.

For you'll never know the heartache

Till you see his vacant chair.

Always remembered by son Keith and grandson Shawn

Deseronto gets sewer grant

The Town of Deseronto has received a grant of \$7,560 for the construction of sanitary sewers along Main Street from Mechanic Street to Walnut Street.

Don't worry, the pavement isn't going to be all dug up again. The work has already been done and a request for the grant was sent in some time ago.

Deseronto ties Napanee

Winner of the 50/50 draw on Friday, Nov. 17, was Doug Hyuck, \$43.

On Saturday, Nov. 18, the Deseronto Legion 'Pee-Wees' hosted Napanee. Deseronto opened the scoring just 30 seconds into the first period, Danny Marlow got the goal. Napanee replied with a quick goal, but Bobby Thompson put Deseronto ahead, Dwayne Maracle assisting.

There was no scoring in the second period but Kyle Brant put Deseronto into a 3-1 lead, Bobby Thompson assisted in the third period. Napanee got two goals a minute apart to tie the game at three. Our next game is in Napanee at 7 p.m. on Nov. 25.

**classified
ads** get the job done

'We did the work during the summer,' Town clerk Carman Milligan said. 'We expected to get some grants, which are based on the money we spend.'

The grant came from the Federal Central Mortgage and Housing Corporation which is empowered under the provisions of the National Housing Act to make loans and grants to municipalities towards sewerage and water works intended to open up land for residential purposes.

'Deseronto's sanitary sewers don't go all the way up on the north side of Main Street to the area open up there for development,' Mr. Milligan said. 'But the sewers are part way there and it is hoped this will encourage some developer.'

Stone milled bread

Continued from page 1

of the Brick Oven Bakery in Bloomfield, a new business set up last spring

Mr. Zandbergen is a third-generation baker. His grandfather was a baker in Holland, his father owned Audrey's Bakery in Belleville and he worked with his father there for 15 years.

'My father retired recently but he didn't let it go,' Mr. Zandbergen said, 'so he now has a bakery shop in Tweed.'

'I had never used the stone ground flour before,' he said but when Mr. Green contacted me I decided to give it a try.'

It's selling well, he reports

Each loaf from the stone ground flour has a label on it with a note, 'Best Before' and space for a date. There are no additives so it doesn't stay soft as long as other bread. 'It's good for about three days,' he said. 'After that it isn't soft. It gets harder but you can toast it.'

The Brick Oven Bakery sells other breads too, made from regular flours

He's found water for 25 years

Continued from page 1

the spot where the water pipes went through.

'I don't know how it works,' he said, 'I just know it does.'

He can tell within seven feet, up or down, how far down the water is. 'Every time the stick dips, it's another foot,' he said.

The water he divined on a Rosmore property last week was 30 feet down but most times, he says, it's about 50 feet down. He tries to find a spot where two veins of water intersect, if possible.

Sometimes he has to cover a lot of ground before water is found.

There was one fellow who wanted to dig a pond for his livestock. I just about wore myself out walking around that day, but I found it. For \$10, I think I earned my money!

He has done a lot of witching on the Tverdinga Reserve and told one story about a resident there who had had two holes drilled and both were dry. 'They could have gone down one of those dry holes another 1,000 feet and not found water,' he said.

So he witched another spot and marked it with a peg, for the drilling location.

'When they drilled, the owner of the property called me to say there was no water there so I laughed and said he should only pay the driller for a dry hole

I knew there was water there but the driller had probably been too lazy to keep the hole cleaned as he went along. The dirt had plugged the water vein. You have to keep putting water in and pumping it out or the drill can stick in the dirt.'

'Anyway, I told him to look the next morning and, when he did, there was the water, it had broken through where the dirt had plugged the water vein. He put down a plumb line and found he had 60 feet of water there.'

Mr. Stone was born in North Fredericksburgh and moved to Deseronto about 12 years ago. He and his son were in the well-drilling business.

Glenn Tripp, right, and his son, Mike, let some small visitors have a close look at a Polish Buff. It's a kind of Bantam with a pom on top.

Running a 'bird farm' a fun hobby but it's expensive and demanding

Glenn Tripp and his son, Mike, have a fascinating hobby... they raise wild birds... pheasants, partridges, Canada geese, mallard, pintail, wood, English Call, blue wing teal and other ducks.

'It's an expensive hobby,' Glenn admits. 'I wouldn't want to estimate what we put into it this year. You have to buy the birds to start and a ring-necked pheasant can cost \$27. Then there's the fencing and the pens to build.'

The Tripps' 'bird farm' on Big Island, has kept the birds in their natural setting, where they are comfortable and feel at home.

Besides being an expensive hobby, it's a busy one. The birds have to be fed and watered every day, and, in the spring, the schedule is hectic.

'Pheasants start hatching in April and can go on until the middle of August,' Glenn said. 'When the eggs are hatching they have to be turned over regularly and watered to keep them moist.'

He built his own 1,500 egg incubator and hopes to modify it so it will turn the eggs automatically, saving himself or his son the job of turning them.

'When they hatch, they have to dry out and then go into a brooder for about four weeks. Last year, two were born with their legs on backwards and we had to destroy them.'

He has a brooder room with three brooders, each of which can hold 100 young birds. The room is electrically heated.

'We get a kick out of having the birds,' he said. 'Mike and I spend all day Sunday out here.'

This is the second year they have been in the bird-raising hobby and last year they hatched over 300 pheasants. 'We have a licence to sell the birds,' he said. 'We usually sell cock-pheasants,' he said. 'We keep the females. The eggs are more fertile from a two-year-old than from a one-year-old bird.'

The pheasant eggs are dark brown, sometimes greenish. 'We haven't eaten

any yet,' Glenn said. 'We've been too busy hatching them.'

They got their first birds from Father Brady and his nephew, Larry McClade, who have a conservation farm near Odessa.

You can't just go out and buy wild birds. You have to belong to bird clubs and be licensed before you can buy or sell. Waterfowl come under a Federal licence, the other birds are under a Provincial licence. The Tripps belong to the Lake Ontario Bird Club and the Eastern Ontario Breeders Association.

There are different kinds of licences. You can get a licence to raise only, or to raise and sell. You can also get a preserve (hunting) licence. If you have a licence, you have to keep records for the government.

'It's surprising how many people are interested in this hobby,' he said. They have sales each spring and fall at Metcalfe and Odessa and they are always crowded.

Continued on page 4

This ring-necked pheasant has natural surroundings in his pen.

NOT ALL PATIENTS SATISFIED

What emergency service can you expect at your hospital?

From time to time, we hear complaints from people who have not been at all happy...in fact, some have been downright angry...with the kind of service they have received at the emergency department in their local hospital.

One such complaint was brought to the Scanner's attention last week, concerning emergency treatment at the Prince Edward Memorial Hospital in Picton.

It is too early to comment on this particular case, which has been brought to the attention of the hospital administrator, Bruce Scott, and the chief of staff, Dr. L. Hall, for their consideration.

But it seems timely, right now, to do a run-down of what emergency services are provided at the hospitals in Belleville, Napanee and Picton.

Hospitals all over Ontario are finding a sharp increase in the demand for emergency service, at the same time as they are experiencing budget cutbacks.

BELLEVILLE

'One of the biggest sources of irritation to a community is poor emergency services at its hospital,' says P. Richard, who has been administrator at Belleville's General Hospital since 1967.

'We get about 130 people a day. Things that used to be done in the doctor's office are now done in emergency.'

Belleville has four full time doctors on contract with the hospital. They fill the four slots in the emergency department on rotating shifts. Someone is there on duty at all times.

'The emergency doctors don't admit a patient. If the patient doesn't have a

doctor of his own, one is assigned to him.'

He didn't think a hospital was obliged to have a doctor on duty or on call but, 'We have had this system for years,' he said.

As for hospital control over emergency service he said, 'A doctor has to make an application each year for privileges to work in this hospital. You can always deny them.'

NAPANEE

'We have a doctor available at all times,' said W.A. Ronald, administrator at the Lennox and Addington County General Hospital in Napanee.

'There are 10 or 12 doctors with privileges to work at this hospital. All of them carry out emergency on rotation basis and none of them is farther than 10 minutes...at the outside...away from the hospital. If, for any reason, the one coming on duty isn't available, the one who has just finished his duty stays on call.'

'Sometimes a doctor will have a stand-in from Kingston...usually a younger doctor. We investigate these stand-ins and give them Napanee Hospital privileges. They usually stay right in the doctors' lounge at the hospital.'

'No one can be admitted to the hospital without a doctor seeing the patient and ordering admission,' he said. 'The nurses at emergency can carry out first aid measures but no treatment can be given until the doctor comes.'

Mr. Ronald agreed with Belleville's administrator P. Richard that the patient load is going up in emergency units. 'People don't call their own doctor at night,' he said. 'They go to emergency. We get the walking wounded and the worried well.' Continued on page 3

'Inequities in assessment' - Milligan Deseronto to obtain expert advice

Deseronto Town Council held its final meeting on Monday night, and not much business was done.

This is a period of pause before the new council takes over in December and the old council is not supposed to make any major decisions at this time.

Two of the three new councillors were on hand as spectators...Lena Cummings and Bill Higgins. The third, Bob Graydon, was not present.

One item of business was consideration of a letter from Mel Swartz, NDP, MPP for Welland-Thorold, concerning the need for reform of municipal assessment.

'It is my opinion that the assessment roll for the Town of Deseronto contains many inequities,' Town Clerk Carman Milligan reported to council. 'Therefore, serious consideration should be given to requesting a complete reassessment for the town. The Village of Stirling has requested a similar reassessment and the City of Belleville is apparently considering the same.'

Mr. Milligan later gave the Scanner several examples of what he meant by inequities. 'Someone who builds a new house, puts in a pool and other such items, is assessed for it. But if someone adds a swimming pool on an older house, there is no reassessment,' he said.

At Monday night's meeting, Council

decided to get a representative from the assessment office in Trenton to explain fully the details of a reassessment.

Another matter that came up at Monday's meeting was a letter from Deseronto's librarian, Gloria Greenfield, responding to Council's request for comments from the Library Board on a resolution from Lennox and Addington County which Deseronto council received in October.

Neither the library board, nor the librarian, endorsed the Lennox and Addington resolution which had questioned the amount of funding for the Lake Ontario Regional Library.

'The Lake Ontario Regional Library does have a substantial budget but a large number of services are provided with this money,' the librarian's letter said.

She listed four sets of encyclopedia received this year, films, records, talking books, projection equipment, a projectionist, puppet shows and other services.

She said it would be a shame if the funding of the system was jeopardized at this time. 'Restraint is necessary, but the little library is being hit by inflation from all sides, as are its patrons. As everybody pulls in their belts, the need for pooling materials will be even greater and that is the whole idea behind the Regional Library System,' her letter concluded.

by Mike S.
Greenbush

Well, I seen in the papers that all the fuss and to-do-moment over these here topless waitresses is still going on. Elma's been getting all hot under the collar over it, just like I figured she would. So I told her, don't you worry old girl, there ain't nobody going to ask you to be no topless waitress. Can't figger out why she didn't like that neither.

I did suggest that maybe the next thing they'd come up with was bottomless waiters, so's then she could go and get her own back on these here exploiting men. She just snorts and tells me that if'n you've seen two, you've seen 'em all, and that no woman in her right mind would spend good money on that sort of nonsense, when she could get it free for the asking.

Reckon I'll never figger out wimmen.

Well, we had a tidy bit of snow up to our place yesterday. Come a bit early I reckon, ain't had snow to stay this early in quite a while. Going to have to change into my long johns fer the

winter. First off, I got to buy me some new ones, and this year I figger I'll do it myself, instead of trusting it to Elma.

Last year, she went and bought some bargain underwear, made in some foreign place it was. Reckon the folks there must be a real funny shape. When I tried 'em on, I found that if'n I had the ankles where they should oughter be, the crotch were down to my knees. But if'n I pulled the crotch to where she should be, then the waistband were under my armpits and the ankles was at my knees. I reckon them little yellow fellers what made 'em must have legs about two foot long, holding up bodies a good deal longer than what I got.

This year I aim to get me some good conservative underwear, made with Canadian shapes in mind. That way my shinbones ain't going to freeze half the time, and I won't look like that Michelin tire man neither, with a great spare tire round my middle. Figger I ain't going for no bargain buys, this time I'm going to buy Canadian.

EDITORIAL

The Hastings County Board of Education has been asked to support a resolution from the Peterborough County Board of Education petitioning the Ministry of Education and the Ministry of Community and Social Services to jointly fund, at the one-hundred percent level, services for the developmentally handicapped child in the school system.

An Advisory Committee for Trainable Mentally Retarded Children, established by the Peterborough Board of Education, has been studying the special needs of these children and the methods of funding to meet these needs.

The committee found that the number of dollars provided by the provincial Government to meet the needs varies greatly from community to community and depends on the service delivered... a provincial institution, local developmental centre, a local school board. One problem is that the funds are available through two Ontario Ministries... Education and Community and Social Services.

At present, the Ministry of Education grants for trainable mentally retarded children in the school system are far from sufficient to adequately provide for the needs, the committee reported.

The whole area of funding has been brought to a head by the new policy now being pursued by the Ontario Ministry of Community and Social Services to reduce the number of handicapped people in government facilities and return them to their local communities. Parents of retarded children are being encouraged to keep them at home, or to take them back home if they are already in a facility.

With more of these children in the local school system, more local funding will be required, if the load is not to fall on the backs of the local taxpayers.

The Peterborough Board of Education is circulating its resolution for 100% provincial funding to a number of other boards for their reaction and endorsement.

Peterborough is to be congratulated for addressing itself to this problem before it has a chance to snowball.

Letter to the Editor

EVE WAS CREATED FOR ADAM

Dear Ms. Editor:

Now normally when I hear someone sermonizing on the various areas of public sex (prostitution, strip shows, etc.) I say to myself, 'bully for them, they is sucking up for what they believes in' and forget it.

My own view on questions of morality, is if it ain't corrupting anyone who ain't already corrupt, then let it be. Maybe the women who live with these chauvinist sex fiends (their husbands, sons and fathers) feel they ought to take some action and if so, well that's their business.

However, when you goes about making all sorts of wild claims and questioning the intentions of our Creator, even blasphemously changing His gender to Her, well it's obvious your intention is to corrupt the minds of our young people with untruths and lies.

First, you say 'that when God made women she gave them tits for babies, and not for men'. Any way you look at it,

that's nonsense. Eve was created for Adam, so the female breast was created for men. From a physiological point of view, one may ask: what are erogenous zones for if not stimulation? None of this denies that parts of the human body may have multiple functions. An excellent analogy can be made with the human ear - not only is it useful for hearing, but also for nibbling on and blowing into.

As for the gender of God, a cursory glance at Genesis is all that is required for adequate proof that He is indeed male. I can assure you, however, that being female entails no inferiority. After all, wasn't it a woman who hit upon the idea of Original Sin, and hasn't this been the basic foundation for centuries of struggle for quality of life? Yes, yes, let the Scanner carry on that struggle! But play fair - there is already more than enough Unoriginal Sin.

Love and kisses,
Mark Weidmark,
P.O. Box 462,
Port Hope

carrying out a dental survey in some of the schools, aimed at providing detailed statistical data regarding the dental health status of the children in the two counties. The data collected from this survey will provide information for program evaluation and planning at both the local and the provincial level.

Students will be assessed by Mrs. Trish Embury, dental hygienist, utilizing criteria of the Ontario Ministry of Health Detailed Dental Health

Examinations.

A good first step. Now all we need is a good follow-up ... once we pinpoint the dental health status, let's make sure the repair work gets done.

CONSERVATION AUTHORITY

A full report on the Salmon River Study is going to be ready for presentation to the Napanee Region Conservation Authority by the middle of December.

Other business carried on at the Authority's November meeting included, a job description for the Bellock Mill Curator, making the position that of a consultant, a report from the Eastern Region Chairman's meeting in Belleville, a decision to submit an Experience 79 program in line with the program carried out in 1978, presentation of a staff report on work carried out during the past month by the Resource Technician and field workers.

DUG OUT CANOE UNCOVERED

Gene Hill of the Mohawk Reservation has found the remains of a dugout canoe in marsh on the southwest sector of the reserve.

The age of the canoe is causing some speculation. It may have pre-dated the Mohawk settlement and have been used by an earlier Indian band.

WHO WILL BE WARDEN?

Four candidates are in the running for the position of warden of Hastings County Council ... Reeves Leonard Walsh (Tyendinaga), Gordon Wilman (Sidney), John Clemens (Tweed) and Graham Bell (Marmora-Lake).

The new warden will be chosen at council's first meeting on December 13.

MAIL BEFORE APRIL FOOL'S DAY

Next April 1, up go the postal rates again ... from 14 to 17 cents for a letter ... that's more than 20% increase.

Last April, the rate went up from 12 to 14 cents, about a 17% increase.

Pretty soon, the post office will have

priced itself out of business, which may be just as well, seeing how they run that business.

Not all patients happy with service

Continued from page 1

Asked what would happen if they got a complaint about the service in emergency, he said, 'The hospital has control. If we had any complaints they would be raised with the medical staff and the board.'

Before Napanee had a hospital, the local doctors used to run an ad in the local paper indicating whom to call in an emergency. Now there is an ad in the local paper indicating that the hospital has a physician on duty at all times.

PICTON

Bruce Scott, administrator at the Prince Edward Memorial Hospital in Picton said, 'The nurses in emergency are told to ask if the person has a family doctor and the nurses would call and try and get the family doctor. If the family doctor is not on call we have a duty roster of doctors on call.'

'I believe it's a voluntary situation,' said D. Walker of Milford, chairman of the hospital board, when asked about the duty roster for emergency services.

According to Bill Bain, director of institutional operations with the Ministry of Health at Queen's Park, a hospital is normally required to have a doctor on call for emergency services but he pointed out that a hospital board might have by-laws of its own covering this.

When Board Chairman D. Walker was asked about this, he did a careful checking of the Prince Edward County Memorial Hospital Board's by-laws and said he found nothing in the by-laws concerning requirements about having a doctor on call.

When you buy Canadian-made products, you create jobs in Canada.

That's why
Ontario urges you
to Shop Canadian.

Every time you buy something, look for 'Made in Canada' identification because when you buy products made in Canada, you create work for Canadians. For example...

- if you spend \$500 on a Canadian-made sofa, you create about 3 days work for Canadians.
- if Canadians increase their purchases of Canadian-made

clothes by only 5%, it would create more than 4,000 new jobs.

The more Canadian products we buy, the more jobs we create.

Your Ontario Ministry of Industry and Tourism wants you to know that buying Canadian products benefits all of us in Ontario; it boosts our economy and maintains our standard of living.

So when you shop Canadian, you'll be giving Ontario a more prosperous New Year.

Larry Grossman,
Minister of Industry
and Tourism
William Davis, Premier

Province of Ontario

Protecting birds creates problems for local breeders

Continued from page 1

'There must have been over 1,000 birds at one sale at Metcalfe,' Mike said. 'And at Odessa, there were 300 boxes of birds.'

The birds come in cardboard boxes with a wire mesh opening in the front so you can see what you are buying.

The birds have to be pinioned so they can't fly away. The way you do this, the Tripps explained, is to take the first joint in one wing and clip it when the birds are young. This breaks the bone so the air gets in. The bird can start to fly but falls back again.

Even with a pinioned wing, a Canada goose can be a dangerous enemy, especially during the mating season.

'He can break your leg with his wings,' Glenn said. 'In the spring, we have to put a heavy wire fence around ourselves to go into the pen.'

Protecting the birds against natural enemies creates a problem for breeders too.

The Tripps have electrified the fencing around the pens. 'We can turn the power off from inside the house,' Glenn said. But there was one time when some people wanted to see the birds and didn't want to be ahead of time. They got quite a jolt from the fence.'

He's a little concerned about wolves this year. Hawks are another problem.

A breeder is allowed to shoot hawks. 'A hawk can carry off a Canada goose, even though it weighs 8 or 10 pounds,' he said.

Sometimes the danger comes, not from outside, but from inside the pen. If there are too many pheasants in one pen, they may become cannibals. If they pick at a bird and draw blood, the other birds will go for the victim too. The Tripps watch out for this and have a lotion to put on the wounded bird which removes the odour of blood. If there is a continuing problem the bird is taken out of the pen for its own protection.

Glenn's wife, Betty, doesn't share his enthusiasm for the birds. She doesn't

This photo was taken through the fence surrounding the duck pond where wild ducks were skidding on the first coating of ice, Sunday morning. Mike Tripp is in the pen.

want to touch them. She would like to have some peacocks, but they are expensive and noisy.

The neighbours say they like to hear our birds in the mornings,' she said. 'But they might not like listening to the raucous noise peacocks make.'

The Tripps have a lot of plans for the future.

'Eventually I want to have a free-flight pen for pheasants, about 50 by 100 feet, so trees can grow inside,' Glenn said. He'd like to put in a big pond sometime too.

'And Lord knows what else we'll come up with in the spring,' he said.

Among the flock they have now are silver pheasants, Chinese golden, Chinese ringnecks, English ringnecks, Lady Amherst and Reeves; chequered partridge, standard bantams, Polish buff (a bantam with a pom on top), Silky bantams and Fleurs (with pantaloons), Canada geese, mallard ducks, English Call ducks, blue wing teals, black ducks and pintails.

'We tried some quail this year too,' Glenn said. 'They weren't as big as your fist, and when they were first hatched they were no bigger than the end of my finger.'

NOTICE

CORPORATION OF THE

TOWN OF DESERONTO

TREASURER'S SALE OF LANDS IN
THE TOWN OF DESERONTO,
COUNTY OF HASTINGS,
PROVINCE OF ONTARIO TO WIT:

By virtue of a warrant issued by the Mayor of the Town of Deseronto, bearing the date of 10th day of July, 1978, sale of lands in arrears of taxes in the Town of Deseronto will be held in the Deseronto Municipal Office, 331 Main Street, Deseronto at the hour of 2:00 o'clock in the afternoon on Wednesday December 13, 1978 unless the taxes are sooner paid. Notice is hereby given that the list of lands for sale in arrears of taxes has been published in the Ontario Gazette on the 2nd day of September 1978 and that copies of the said list may be had at my office.

Notice is hereby further given that if any of the said lands remain unsold, an adjourned sale will be held on Wednesday, the 17th day of January, 1979, at the same time and place at which the Municipality may reserve the right to purchase any of the said lands.

Dated at Deseronto this 24th day of July, 1978.

BABA'I FAITH

QUESTION:

What has been the spread of the Baha'i Faith?

ANSWER:

In a little over 100 years the Faith has been spread from Persia, the land of its birth to over 500 countries and dependencies of the world. There are followers in over 85000 localities circling the entire globe. In addition to over 19500 Local Spiritual Assemblies, there are 130 National Spiritual Assemblies guiding the activities of the Faith all over the world. There are Baha'is living in more than 30000 localities in Canada and the United States.

Baha'i literature has been translated into over 450 different languages. The Baha'i Faith has been given official recognition as one of the non-government agencies attached to the United Nations.

For many years Canada and the United States were association in a single National Spiritual Assembly. In 1946 the National Spiritual Assembly of the Baha'is of Canada was established and, incorporated a year later by a special act of Parliament.

DEATHS

THOMAS JACKSON

Thomas Jackson of Deseronto, died in the Lennox and Addington County General Hospital on Sunday, November

19, at the age of 74.

Born in Cohill, Ontario, he was the son of the late Thomas Jackson and the late Alice Ferguson. His wife, Mary Justine Dero, predeceased him.

Mr. Jackson was educated in Cohill but had lived in Deseronto for the past 28 years. He was a machinist at Canada Optical.

He was a life member of the Masonic Lodge 482, Bancroft.

He is survived by three sons, Donald of Belleville, Carson and Garfield of Deseronto; a stepdaughter, Mrs. Cecil Root (Germaine) of RR 6, Napanee. One son, Alvin, was killed in action in Holland in May of 1945. He is also survived by 12 grandchildren and five great grandchildren.

The funeral was held on November 22, at 2:00 p.m., from the White and Morris Funeral Home in Deseronto, with Rev. James Clark officiating. Interment was in the Deseronto Cemetery.

Deseronto Council Briefs

...At Monday night's meeting of Deseronto's Council, Town clerk Carman Milligan was authorized to proceed with four more **Ontario Home Renewal Program applications**. This brings the total for the year to 12.

...A request from Mrs. Vera Crabbe, concerning the **removal of a tree** at 280 Dundas Street, will be looked into by the streets committee.

...Council was advised that the **Napanee Region Conservation Authority** has completed its report on the Napanee River Basin Study.

...Paving on Pearl Street has been completed.

...Police activity report for the month of October listed: 2 reportable traffic accidents with no injuries; one sudden death other than in traffic; 7 charges under the Criminal Code, 11 under the Liquor Control Act, 9 under the Highway Traffic Act, 2 under other provincial statutes and one under by-laws; 94 complaints were investigated and 227 other calls were made; 4 premises were found insecure; 5

housebreaking and 3 shop breaking occurrences were investigated; \$1,025 worth of goods were stolen and \$1,000 worth were recovered. A total of 368 hours of overtime were accumulated.

OPP to get large snow machines

Commissioner H.H. Graham announces that the Ontario Provincial Police Force has purchased three 12-place Bombardier snowmobiles for use in Southern Ontario snow belts.

Powered by an industrial V-8 engine, these machines can be equipped with wheels or skis depending on terrain and snow conditions. They may also be used as off-road vehicles during the snow-free months in rough or muddy areas.

The new machines will be based at the Force's Chatham, London and Belleville district headquarters. In this way they will be immediately available during heavy snowstorms experienced in these areas.

LOTTARIO! A LOTTERY THAT LETS YOU WRITE YOUR OWN TICKET.

HOW TO PLAY.

All you need is a selection slip, a pencil, a buck, and a little luck.

1 You can get selection slips from any LOTTARIO agent. On each slip you'll see seven 'bunds' with numbers 1 through 39. Using one 'bund' at a time, select any six of the 39 numbers. With a black pencil, make a vertical mark in the box which contains the number selected.

2 Take your selection slip to a LOTTARIO agent or retailer who will enter your selected numbers in the LOTTARIO computer and issue you a receipt with your numbers printed out. That's your LOTTARIO TICKET. Check it to ensure that the numbers you are the ones you have chosen.

3 Each 'bund' costs \$1 to play. You may play as many 'bunds' as you wish. In other words, if you played 2 'bunds', it would cost \$2.

4 Then watch the draw on TV every week or check your newspaper to see if the numbers you've chosen match the numbers that are drawn.

5 If you've won, simply present your winning ticket to your LOTTARIO agent for validation. If you've won \$500 or less, the agent will pay you right there on the spot. If you're a big winner, your LOTTARIO agent will tell you how and where to claim your prize.

LOTTARIO

HOW YOU WIN.

Every week six regular numbers and a bonus number will be drawn on TV.

Match those six regular numbers, in any order, and you're the JACKPOT winner, or, if someone else has also chosen the same numbers, then you'll share the prize.

But if you don't have all six numbers, there are still thousands of other chances to win.

If you get five of the regular numbers right and your sixth number matches the bonus number, you share in the big Second Prize Pool.

Or, if you've matched three of the regular numbers, your bundle of cash comes from the Third Prize Pool.

Match four regular numbers and you share in the Fourth Prize Pool.

And, if you match three of the regular numbers, you win \$5. Not bad for a buck! And there are bound to be thousands of winners every week, because the numbers you choose don't have to be in the same order as those drawn.

HOW MUCH YOU WIN.

The major prizes are divided into four separate prize pools - the JACKPOT Pool, the Second Prize Pool, the Third Prize Pool and the Fourth Prize Pool.

The Fifth Prize is worth \$5.

Those holding winning tickets in any of the four pool categories will share that pool equally.

For example, if the JACKPOT pool is \$300,000 and 2 players have correctly chosen the six regular numbers, each player would win \$150,000.

The weekly JACKPOT could be \$100,000, \$200,000, \$500,000, or more depending upon the number of people playing LOTTARIO. In the event that there is no JACKPOT winner, the JACKPOT Pool builds each week until someone wins it.

In Quebec, the JACKPOT in a similar lottery was over \$1 million before being won.

**YOU DON'T JUST BUY A TICKET.
YOU PLAY IT.**

A glimpse of Christmas past at the Allan Macpherson House

At Allan Macpherson's house on the river bank in Napanee preparations for Christmas set the clock back a hundred and fifty years. On Sunday, December 3, the ballroom at the Laird's house welcomes those who visit on this first Sunday of Advent. From the gleaming

piano almost as old as the house, John Hall will draw out Yuletide carols, inviting all to sing them too. R.L. Somers, rector and teacher, has been invited this year to retell the Christmas story. David Maracle of Tyendinaga will speak of the legends told by the First People, those who lived on the banks of the rapids long before the Macpherson mansion was built.

The bustle and excitement of getting ready for Christmas goes on in the kitchen on Monday, December 4 around the great fireplace where herbs hang drying on mantel and ceiling hooks, and a fire blazes in the brick oven above the hearth. Iron pots bubble over the fireplace, while brown loaves rise above the rim of bread pans. In this same kitchen servants once cooked suet pudding, mince pies, Dundee cakes and spicy cookies, roasted fowl, legs of ham and beef, making ready for the guests that would come to the Laird's house during Advent, Yuletide and the Hogmanay that the Scottish Macphersons liked best to celebrate.

Those who tend the fire and the bubbling pots now are 'Friends of the Laird', a volunteer group who, each year, make an old-fashioned Christmas at Macpherson house a reality. From Monday December 4 to Saturday December 9 the house is open from 10 in the morning to 4 in the afternoon.

Tyendinaga Senior Citizens Club meets

The Township of Tyendinaga Senior Citizens' Club 674 decided at their Nov. 23 meeting to hold a bake sale on Dec. 8 at the Belleville Plaza. Their Christmas dinner will be at 12:30 p.m. in the Community Centre, catered by ladies of the Community Association.

A vote was taken to change the name of the club to Hastings South Club 674 but was tabled until the Dec. 14 meeting due to the absence of some members.

Ed Buckley, Dean of Technology at Loyalist College, Belleville, spoke on Continuing Education at a recent meeting.

The November Bazaar held in the Quinte Mall was a good success.

Tickets will be drawn for two quilts and an afghan on December 14.

Presbyterian W.M.S. and Ladies Aid meets

The Presbyterian W.M.S. and Ladies Aid met at the home of Mrs. Gordon Fresque on Tuesday evening, November 14. The president, Mrs. Mabel Moore welcomed the members and friends. Opening hymn was 'Rejoice the Lord is King'. Mrs. Dorothy McCullough was in charge of Mission devotions. She gave a reading and discussion on Prayer, and told the story of a young girl's faith in prayer. She also gave a reading concerning the Bible Society.

The Ladies' Aid portion of the meeting was led by Mrs. Dorothy Fresque, she opened with another hymn and scripture. Mrs. Moore led in prayer. Mrs. Fresque read a story called 'Love's Gift'. Mrs. Millie Burleigh gave a reading called, my neighbour is a soul in need.

Roll call showed nine present.

Further plans were made for the Dec. 2nd Tea and Bazaar, also helping with Quinte Beach Nursing Home's Christmas party, Dec. 13.

The December meeting will be on Monday 11th at the home of Mrs. McCullough with supper at 6 p.m. followed by the meeting and exchange of gifts.

The meeting closed with the Mizpah Benediction and refreshments were served.

Participate in Canada's Employment Tax Credit Program.

The Employment Tax Credit Program was introduced by the Government of Canada to stimulate employment in the private sector.

In essence, we're encouraging you to expand your work force by providing a tax break for your business.

The potential annual tax credit for each new employee is over \$3,000. And there is no limit to the number of new employees you can hire.

Now, by using the experience we've gained so far, we've changed the program

to make it even more attractive.

Up to 33% more tax credit.

The maximum term for the tax credit has been increased from nine to 12 months for each new employee. That means up to 33% more tax credit.

Greater eligibility.

We have expanded the number and types of businesses eligible to benefit. Now almost every business that's been operating in Canada for a year or more can join in.

Wider choice of new employees.

Now, almost anyone who's unemployed and registered at a Canada Employment Centre for a minimum of two weeks is eligible.

A minimum of red tape.

We've simplified the procedure, so you can do the whole thing, from beginning to end, with just two single-page forms.

For full details on the program, contact any Canada Employment Centre/Canada Manpower Centre.

EMPLOYERS: CAN YOU IGNORE A POSSIBLE TAX CREDIT OF \$3,000 OR MORE?

Wild Coffee and Tea Substitutes of Canada, by Szczawinski. This illustrated book, second in the 'Edible Wild Plants of Canada' series, describes twenty-five drinkable plants and provides information on their historical and medicinal uses. Easy recipes provide an excellent introduction to wild foods cookery. \$6.95.

Quinte Old Timers meet

The Quinte Old Timers, 513, held a regular meeting on Nov. 15. The meeting was opened in the usual manner. The minutes of the last general meeting and of an executive meeting were read by Kay Hood. Eric Gustafson presented the financial report.

This was followed by reports by the chairmen of various committees. There is an increased number of paid memberships for 1979. Cards have been sent to the members having birthdays and to the sick members. Best wishes to Jean and Floyd Martin on their 44th anniversary and to Tillie and Merv Sherman on their 35th anniversary.

Arrangement have been made for a euchre party to be held Nov. 20, in the Lions Club Hall. The annual Christmas party, December 6, dinner at 5 p.m. There will be an exchange of gifts and entertainment will be provided by the Quinte Old Timers Choir. By the time of this party, Jean and Floyd Martin will be in Florida for the winter. Marg Lyons has already departed for the south.

Joe Reynolds introduced Marlis Lindsay who is the representative of the people in the New Horizons program. Mrs. Lindsay commented on the new hall and congratulated everyone and wished them all the best of luck in their efforts. She expressed praise in the way the New Horizons grant was used and said that if any help was needed in the future to contact her. Joe Reynolds asked the ten directors of the New

Horizons project to meet with Mrs. Lindsay at the close of the meeting.

Mabel Moon informed the meeting that Maude Cochran had donated \$25 toward tuning the piano. It was unanimous that this work be done as soon as possible. It was decided to send Blanche Dettlor an acknowledgment for her many acts of kindness to the club.

We would also like to thank the Deseronto Old Timers and CKWS No Stars for their time and effort in helping us raise funds for general expenses.

From the town pride

BY DON LINDSAY

When the Lions club took on this latest project their goal of \$500 was tentative in the extreme. The sceptics said they'd never make it... Even the most optimistic estimators apparently failed to take into consideration that the people involved were the same small group whose determination, spirit of co-operation and will to succeed brought us the Quinte Classic last summer and more tangibly, resulted in the spanking new Lions Hall on Main Street.

The boys in the purple and gold vests attacked this task with the same zeal and vigor that exemplifies all their efforts,

even though the thought of soliciting donations was distasteful to many of them.

All that pavement pounding and knocking on doors would have been futile and meaningless, however, without the co-operation and generosity of the people of Deseronto. Their open-hearted response to the CNIB's appeal made the campaign an unqualified success, the results surpassing even the most enthusiastic forecast.

With the possibility of some still to come, the amount collected stands at \$664.60. Congratulations Deseronto!

PEE WEES DEFEAT NAPANEE

On Saturday, November 25, in Napanee, Deseronto picked up their second victory of the season.

The Ladies' Shop Unisex Hairstyling

Hwy. 49 & No. 2
1 Mile North of Skyway Bridge
Upstairs in the Mohawk Inn

Phone 396-6301

Hrs. 9 - 5, Tuesday to Saturday

20% Off for Senior Citizens
on Tuesday & Wednesday

Napanee started the scoring in the first period which proved to be the only goal of this period.

In the second period, Bobby Thompson got Deseronto's first goal, Danny Marlow assisted. Billy McMechan put Deseronto into the lead with Bobby Thompson assisting. Steve Cassidy scored the next goal, with assists going to Drew Vick and Darrell Maracle. The final second period goal for Deseronto was scored by Billy McMechan with Bobby Thompson assisting.

Kyle Brant put Deseronto into a 5 to 1 leading position at the beginning of the third. Billy McMechan assisted. Billy then scored his third goal of the evening unassisted. The 7th and final goal of the game went to Kyle Brant with Danny Marlow picking up the assist.

The Pee Wee's next game is on Wednesday, November 29 at 5:30, against Belleville. They will also be taking part in a tournament in Picton on December 2.

Winner of the 50-50 draw on Monday, November 20, was Eric Gustoff who won \$55.50. The winner of Friday November 24 draw was Clarence Ziemann who received \$57.75.

JUVENILES

BY TOM THOMPSON

On Saturday November 18, the Deseronto Juvenile Allstars, who are sponsored by Harry Taras Insurance and Real Estate, travelled to Napanee for their second win of the season. The game was fast and rough with Napanee receiving 37 minutes in penalties to Deseronto's 33 minutes.

Napanee jumped into an early 2 goal lead in the first, before Tom Thompson replied for the locals with assistance from Ray McGuiness.

Napanee tallied again before David Reid finished the periods scoring on a set up by Ted Maracle.

The second 15 minutes was all Deseronto's as they struggled out from 5 to 3 on a goal from Ray McGuiness and two from Tom Thompson. Assists went to Dave Murphy and Ray McGuiness (2).

Napanee tied the game early in the final stanza on goals that came only 5 seconds apart, before Dave Murphy gave back Deseronto's lead 31 seconds later with an assist going to Marc (Houlie) Maracle. Napanee regained the lead with only 2:25 left to play, but Deseronto did not give up.

Tom Thompson tied the score for Deseronto with only 1:36 left on an unassisted tally. Thirty four seconds later, Dave Murphy got the game winner for Deseronto on an unassisted effort.

Darrell Brinklow faced 21 Napanee shots, many of which were break-aways, while the local juveniles fired 44 at the Napanee net.

On Sunday November 19, Deseronto made a long trip to Godfrey only to be given a win by default since no referees showed for the contest.

On Tuesday, November 21, Deseronto hosted the league leading Wellington Juveniles and picked up their third consecutive win.

By 4:03 into the second period, Deseronto was leading six to zero on goals by Ray McGuiness (3), Dave

Murphy (2), and David Reid. Wellington tallied twice in the second before Ray McGuiness scored his fourth of the evening with only .38 left in the period.

In the third, Wellington counted three times, but it wasn't enough as Deseronto hung on for a 7-5 victory.

Assists for Deseronto in the game went to Doug Campbell, Dave Murphy (4), Tom Thompson (3), Ray McGuiness (2), Rob O'Brien, Ted Maracle, Dale Ziemann. Eric (Teabags) Maracle played exceptional goal for the team. Deseronto had 28 minutes in penalties to Wellington's 30.

Deseronto took the recreation bus over to Wellington on Thursday, December 23 for a return match. They recorded their fourth straight win.

The visitors took a 3 to 1 first period lead on two goals by Ray McGuiness and one by Marc Maracle.

In the second, Wellington outscored Deseronto 5 to 3 to leave the decisive third period. Second period Deseronto goals were scored by Ron Van Vlack, Ray McGuiness and Dave Murphy.

Only 4 goals were scored in the final period, but Deseronto took three of them. Ray McGuiness and Ron Van Vlack gave Deseronto an 8 to 6 lead by 7:13 into the third, but Wellington persisted, answering at 11:23. Tim Brant insured Deseronto's lead with only 1:11 left to play and the final score was 9 for Deseronto and 7 for Wellington.

Assists for the Deseronto goals went to Marc Maracle, Rob O'Brien, Ron Van Vlack, Mike Hill, Ray McGuiness, Ted Maracle and Tim Brant. Eric Maracle again played excellent goal for Deseronto facing many break-aways and screened shots.

The game was rather quiet as far as penalties go, with Deseronto receiving 14 minutes and Wellington serving only 10 minutes for their offences.

VAN VLACKS ATOMS

The Picton Atom team travelled to Deseronto on Saturday, Nov. 25, to take on the Van Vlack Atoms only to lose 5 to 3 in a game which was very hard fought and played.

In the first period, Deseronto opened the scoring at 11:20 with Kevin Hill scoring unassisted, but less than two minutes later, Lionel Heffernan scored for Picton unassisted. But the Deseronto team came back and scored 2 more, one from Bobby Thompson at 7:13 and one from Kevin Hill at 5:11 to end the first period 3 to 1 for Deseronto.

The second period was all goaltending from both teams because neither team scored.

The third period was even as far as scoring with Picton scoring the first at 11:41, an unassisted goal by Shane Lockwood, at 9:44 Bobby Thompson scored his second of the game with assists going to Kevin Mooney and Rick Marlow. Deseronto came back at 5:16 to score, Rick Marlow assisted by Kevin Mooney and Bobby Thompson. Picton scored the final goal at 3:40, Lionel Heffernan his second of the game to make the final score 5 to 3. Deseronto.

Deseronto Atoms next home game is Saturday, December 2, Wellington visits Deseronto at 4:00 p.m. Please attend this game and others to help support the Van Vlack Atoms Hockey team.

By Monday, Prince Edward County had a blanket of snow but, on Sunday morning, the ice framing the Bay of Quinte stood out clearly. The photo was taken on Big Island.

HAPPENINGS

EMPEY HILL BY RUBY TUCKER

Miss Kare Kimmerley, Toronto and Miss Gail Kimmerley, London, spent last weekend with their parents, Mr. and Mrs. Grant Kimmerley.

Mr. and Mrs. George Marshall were Sunday visitors of Mr. and Mrs. Ron Bell and family.

The monthly meeting of Tyendinaga East W.I. was held at the home of Mr. and Mrs. Don Shelley Sr. recently, with a large attendance.

Mr. and Mrs. Delbert Harvey and Mr. and Mrs. Wray Harvey, Napanee, were Sunday dinner guests of Mr. and Mrs. Ralph Huggins.

Sorry to report James Bell is in Kingston General Hospital. All wish him a speedy recovery.

The Country Guild group met at the home of Mr. and Mrs. George Marshall last week with a good number attending.

Sorry to report that Mrs. Clare Brennan is very ill in Lennox and Addington County Hospital.

Mr. and Mrs. Gary Provins were Thursday visitors of Mr. and Mrs. Fred Keyworth, Napanee.

Library Notes

The Library has many new Christmas books and magazines for you in the library window display. There is 'The Saturday Evening Post Christmas Book' a beautiful mixture of Norman Rockwell's paintings with recipes and songs etc. interspersed.

There is also 'December Holidays' which tells about the different ethnic customs in December and Emurian's 'Stories of Yuletide' plus Barber's 'Christmas in Canada'.

For the youngsters there is 'The Bears' Christmas' by the Berenstains and 'What a Nightmare, Charlie Brown'.

For those patrons, young and old, who enjoyed the Arete Mime performance, the library has a number of new books concerning magic and juggling.

Patrons have been asking for more books on the subject of animals. The library now has the Metro Toronto Zoo series concerning wolves, tigers, polar bears and elephants. For adults there is the non-fiction bestseller, 'Doctor in the Zoo'.
